Dual Enrollment is designed to make it easier for students to take advantage of all the options to enroll in college courses while still in high school.

# Funding Cap

- The Dual Enrollment Funding Cap is 30 semester or 45 quarter hours.
- The Funding Cap is a hard cap based on hours paid by the Dual Enrollment funding program for terms of enrollment (as invoiced by the postsecondary institutions).
- The Funding Cap does not include dual credit coursework attempted and paid by other sources.
- All first-time students, as of Summer term 2020 and beyond, are subject to the Dual Enrollment Funding Cap.
- Students who received Dual Enrollment funding for 18 semester/28 quarter or less hours, through Spring term 2020, are subject to the Funding Cap.
- Students who received Dual Enrollment funding for 19 semester/29 quarter or more hours through Spring term 2020, have a Funding Cap of an additional 12 semester hours or 18 quarter hours of funding.

# Student Eligibility

- 11th and 12th graders may take any approved Dual Enrollment courses listed on the Course Directory, at an eligible participating postsecondary institution (USG, TCSG or private).
- 10th graders may enroll in approved Career, Technical and Agricultural Education (CTAE) courses listed on the Course Directory at a participating TCSG institution only.
- 10th graders who have a minimum SAT score of 1200 or minimum ACT composite score of 26 on a single national test administration, may enroll in any approved courses listed on the Course Directory at a TCSG, USG or private eligible participating postsecondary institution. Note: The student's qualifying test score must be in GSFC's system prior to the student's Dual Enrollment funding Application being approved by the high school or home study.
- No residency requirement.
- Dual Enrollment funding is only available for a maximum of 15 semester hours or 12 quarter hours per term.
- Admission requirements at the chosen postsecondary institution(s) must be met.
- Students that complete high school graduation requirements prior to officially graduating may continue participation in Dual Enrollment until high school graduation.

*\*Program requirements and eligibility are subject to change\**

# Course Options

Students must select eligible approved courses from the Dual Enrollment Course Directory on **GAfutures.org**. The Course Directory includes comparable required courses such as degree and non-degree level core courses (English, math, science, social studies, foreign language), and Career, Technical and Agricultural Education courses. Course selections must be approved for high school credit by the student's high school counselor. Dual Enrollment courses are available for fall, spring and summer semesters and fall, winter, spring and summer quarters.

# Tuition, Mandatory Fees and Books

The specific Dual Enrollment award amount will vary based on the postsecondary institution and the number of credit hours in which a student is enrolled. ## What is Financial Aid

Financial aid is money to help pay for your postsecondary education. Financial aid can be grants, scholarships, loans or work-study programs. Types and sources of financial aid include:

Types of Aid	Sources of Aid
Merit-based Scholarships <i>(e.g., HOPE Scholarship)</i>	State Government Federal Government
Need-based Grants <i>(e.g., Pell Grant)</i>	Colleges and Universities
Non-need-based Grants <i>(e.g., HOPE Grant)</i>	Private Foundations
Student or Parent Loans	Employers and Private Companies
Work-Study Programs	Professional and Service Organizations
Military Aid Grants	

## Basic Eligibility Requirements

In order to determine eligibility for federal and some state financial aid programs, students must:

- Demonstrate financial need or exhibit academic merit, depending on the type of financial aid
- Have a high school diploma or General Educational Development (GED) diploma
- Be enrolled in, or accepted to, an institution participating in federal financial aid programs
- Be a U.S. citizen, permanent resident or eligible non-citizen
- Have a valid Social Security number
- Meet Georgia Drug-Free Postsecondary Education Act of 1990 criteria]
- Not be in default or owe a refund on any federal or state student grant or federal or state student loan
- Be registered with the Selective Service, if required

## The FAFSA

With the Free Application for Federal Student Aid (FAFSA), you can apply for financial aid for multiple colleges and funding sources. Simply visit [fafsa.gov](http://fafsa.gov) to begin your online application.

The FAFSA is available beginning October 1. If you are planning to attend college fall 2021, you should complete the 2021-2022 FAFSA after October 1, 2020.

## How is your financial need calculated?

In general, your financial need is determined by two factors:

- Cost of Attendance (COA) is tuition, fees, room and board, transportation and other costs associated with attendance established by the college/university.
- Expected Family Contribution (EFC) is determined from what you report on the FAFSA.

$$\text{COA} - \text{EFC} = \text{Financial Need}$$

## What Happens Next?

- Once you have completed and submitted your FAFSA, you will receive a Student Aid Report (SAR) in 3-5 days. Your SAR is a summary of the information you reported on the FAFSA.
- Colleges listed on your FAFSA will receive and review the Institutional Student Information Record (ISIR) after your FAFSA has been submitted. This is the information schools use to determine your aid eligibility.
- Once the college/university has reviewed the ISIR, a financial aid package is generated and sent to you via email or regular mail. Contact the college/university about their timeframe for this process.

## Other Financial Aid Applications

The FAFSA may not be the only application you have to submit in order to receive financial aid. You may also need to complete other institutional applications. Be sure to contact the colleges/universities of interest or visit their website(s) to find out what other forms or applications are required.

The Georgia Student Finance Application (GSFAPP) is also an acceptable application method for some of the scholarship and grant programs administered by the Georgia Student Finance Commission (GSFC), such as the HOPE Scholarship. You can complete the GSFAPP on [GAfutures.org](http://GAfutures.org).

# ONE OPPORTUNITY. LIMITLESS POSSIBILITIES.

If you want to play sports at an NCAA Division I or II school, start by registering for a Certification Account with the NCAA Eligibility Center at [eligibilitycenter.org](http://eligibilitycenter.org). If you want to play Division III sports or you aren't sure where you want to compete, start by creating a Profile Page at [eligibilitycenter.org](http://eligibilitycenter.org).

## ACADEMIC REQUIREMENTS

To play sports at a Division I or II school, you must graduate from high school, complete 16 NCAA-approved core courses, earn a minimum GPA and earn an ACT or SAT score that matches your core-course GPA.

## CORE COURSES

Only courses that appear on your high school's list of NCAA core courses will count toward the 16 core-course requirement; visit [eligibilitycenter.org/courselist](http://eligibilitycenter.org/courselist) for a full list of your high school's approved core courses. Complete 16 core courses in the following areas:

### DIVISION I

Complete 10 NCAA core courses, including seven in English, math or natural/physical science, before your seventh semester.

The NCAA Eligibility Center calculates your grade-point average based only on the grades you earn in NCAA-approved core courses.

- DI requires a minimum 2.3 GPA.
- DII requires a minimum 2.2 GPA.

## SLIDING SCALE

Divisions I and II use sliding scales to match test scores and GPAs to determine eligibility. The sliding scale balances your test score with your GPA. If you have a low test score, you need a higher GPA to be eligible. Find more information about test scores at [ncaa.org/test-scores](http://ncaa.org/test-scores).

## TEST SCORES

You may take the SAT or ACT an unlimited number of times before you enroll full time in college. Every time you register for the SAT or ACT, use the NCAA Eligibility Center code 9999 to send your scores directly to us from the testing agency. We accept official scores only from the ACT or SAT, and won't use scores shown on your high school transcript. If you take either test more than once, the best subscore from different tests are used to give you the best possible score.
