

# MEET the TEACHER

## Ms. Cooper

My name is Tiffany Cooper and I am thrilled to be your child's fifth grade math teacher for the 2023-2024 school year. I love math and hope to instill that same love into my students.

I moved to Georgia, from Arkansas, 10 years ago. Outside of teaching, my life is consumed with my three kids, Kameryn (18-it's her SR. year ☺), Drake (15), and McKenlee (7). This will be my 7<sup>th</sup> year working in education and my 3<sup>rd</sup> year teaching. I have a Bachelor's and Master's degree in Business from Faulkner University. My initial journey was in the business world, but I soon discovered my true calling in education. I will complete my Master's degree in Education from Middle Georgia State University this Fall. As a teacher, I encourage a classroom community built upon respect, empathy, and collaboration. My goal is to provide an environment where each child feels loved, valued, and safe. Fifth grade can be a lot of fun and I am looking forward to a GREAT year!

## WELCOME

to 5<sup>th</sup> grade!
