

Hello ARC Family!

This week we are beginning registration for the 2022-23 School Year, and we are providing this information to help guide you through the course selection process. Here are some key points:

- Course selection will be online and done in-class with the help of our guidance counselors.
- Students will enter their course selections directly into Infinite Campus.
- Required core courses for graduation have already been requested for all students.
- Students will mainly be choosing electives and opting into AP classes as desired.
- All AP course requests will be considered if you meet the GPA expectation.
- If unsure whether an AP course is for you, speak with your teacher.
- **Make an appointment to meet with your counselor ASAP if you are interested in dual enrollment.**
- Guidance Counselors, teachers, and administrators are available for help and advice!
- There will be a drop/add period later in the year, but choose wisely now because classes fill up!
