

PowerUp for Parents

Goshen is gearing up for the distribution of Chromebooks for the **PowerUp** initiative!

Our K-2 students will be **Day Users**, which means they will have a designated computer housed with their teacher.

Dragons in grades 3-5, have the option to take their Chromebook home. Please note – parents with students in grades 3-5 are **REQUIRED** to complete the **RCSS PowerUp for Parents** course before students can check out a device. Use the image below to access the course. After completing the course, make sure to complete the form (hyperlink at the bottom). If you are unable to access the course electronically, contact your child's teacher. Please look for additional information about this initiative next week!

Click the **image** below to launch the course.

Timeline for distribution:

August 23: PowerUp for Parents opens

August 24: Loan Agreement distribution grades 3-5

August 25-26: Device deployment for students with loan agreement and parent course complete

Devices will be issued twice a week (Tuesdays and Thursdays) after initial deployment.
