

Mrs. Richelle Mohler, Ed. S. IB MYP Coordinator Tutt Middle School

Middle Years
Programme

As the IB Middle Years Programme (MYP) Coordinator, I am deeply passionate about creating meaningful, globally-minded learning experiences that empower both students and teachers. The MYP is more than a curriculum—it's a framework that encourages critical thinking, fosters student agency, and inspires action beyond the classroom.

*I hope to leave a legacy that inspires
and encourages others to become the
best version of themselves.*

I believe every student has the potential to grow into a compassionate, capable, and curious lifelong learner. The IB MYP helps them do just that—through inquiry-driven units, real-world connections, and a strong focus on the 10 Learner Profile attributes.

My goal is to support a learning environment where students are challenged, inspired, and equipped with the tools they need to succeed academically, personally, and globally. I am proud to be part of a program that doesn't just prepare students for tests—but prepares them for life.
