Mr. Travis Wiggins, M. Ed.
Assistant Principal

Mr. Charlie Tudor, III, Ed. S.
Principal

Mrs. Angela Key, Ed. S.
Assistant Principal

Dear Parent,

I would like to personally invite your child to apply for a magnet school/special program for the 2021-2022 school year. A. R. Johnson Health Science and Engineering Magnet School was one of the founding institutions of magnet/special school programs in the Richmond County School System. A. R. Johnson is a public magnet school serving students in grades 6-12 with special focus on health science and engineering. Our school has a long history of academic excellence achieved through explorations in science, technology, engineering, and math concepts.

Our health science program provides students with classroom and clinical experiences in developing general healthcare knowledge and skills. Students who choose to pursue a healthcare pathway at A. R. Johnson can choose programs of study that include nursing and emergency medical response.

Our engineering program provides students with a strong foundation in engineering concepts through an exploration of theory and project-based inquiry. Students who choose to pursue an engineering pathway at A.R. Johnson can choose pathways including engineering technology and computer science.

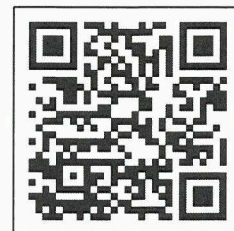

We have spots available for our 6th grade class of 2021 and encourage you to consider A. R. Johnson as the school of choice for your child. A second application window for the 2021-2022 school year is open from **March 8 through May 1, 2021**. Please visit the www.rcboe.org to complete the magnet/school options application. Late school options testing will take place in May.

Best Regards,

Charlie Tudor, III
Principal
