FOREWORD

Much work and thought has gone into the preparation of the Code of Student Conduct and Discipline. It is consistent with State Board policy, state legislation, and the most recent court decisions. It should prove to be beneficial to everyone involved: students, parents, and school employees. This code is reviewed annually and revised, as necessary, by a committee composed of educators, board members, students and parents.

In essence, it does the following five things:

- *It provides substantial guidance for behavior standards and expectations for students.*
- *It assures due process and fair treatment for every student, assuring each an opportunity to be heard.*
- *It is the foundation that should foster a wholesome environment within the schools of the system.*
- *It affords each student an uninterrupted opportunity to pursue academic excellence.*
- *It provides rules designed for the safety and welfare of the students.*

It does not, in any sense, weaken the position of the teachers and principals with regard to the maintenance of good conduct and order. In addition, the Richmond County School System provides various resources to help schools establish a positive school climate for staff and students and to help address student behavioral problems.

This booklet should be used as a reference until another is revised and issued by the Richmond County Board of Education.

RICHMOND COUNTY SCHOOL SYSTEM

CODE OF STUDENT CONDUCT AND DISCIPLINE

GUIDING PRINCIPLES

School attendance is a right guaranteed to students and will not be denied without due process. So that students may attend school in a setting conducive to learning, all students are expected to conduct themselves in a proper and lawful manner.

Students will be held personally accountable for behavior that may adversely affect the educational process or endanger the health, safety or well-being of other students, teachers or employees of the School System while on any property of the Board of Education, attending school sponsored events or activities, riding as passengers in vehicles operated by or on the behalf of the School System, at the bus stop, en route to and from school, or while within a school safety zone as defined in O.C.G.A. § 16-11-127.1. This accountability includes, but is not limited to, passive participation, being an accomplice, or inciting, advising or counseling others to engage in acts that are in violation of the Code of Student Conduct and Discipline, as well as federal and/or state laws. The Code of Student Conduct and Discipline also addresses conduct off school grounds which has a direct and immediate effect of the student being criminally charged with a felony and/or when the student's continued presence at school becomes a disruption or a potential danger to persons or property at the school.

Additionally, the Richmond County School System does not tolerate possession and/or use of drugs including alcohol, acts of violence, and possession of weapons within a school safety zone as defined in O.C.G.A. § 16-11-127.1.

The Richmond County School System retains the authority to assign to an alternative educational program disruptive students or students who frequently or severely violate the Code of Student Conduct and Discipline. Students may be placed in an alternative educational program by the tribunal panel, and in some cases by the Superintendent, or his designee. The alternative educational program is available for students in grades six through twelve.

Authority of the Principal

The principal, as the designated leader of the school, is responsible for its orderly operation. In this capacity, the principal has the discretion to use professional judgment to determine the most appropriate course of action regarding discipline violations or illegal activities not explicitly covered by prescribed dispositions in the Richmond County Code of Student Conduct and Discipline.

Principals have the final authority to make disciplinary judgment regarding assignment of students to In-School Suspension (ISS) or short-term Out-of-School Suspension (OSS) (10 days or less). Recommendations for Out-of-School Suspensions or expulsions which exceed 10 school days require a request for a student disciplinary hearing before the tribunal panel.

Enrollment of Students

Pursuant to O.C.G.A. § 20-2-751.2, a student who attempts to enroll or who is enrolled in any school within the Richmond County School System during the time in which that student is subject to a disciplinary order (*i.e.*, any order of a local school system in this state, a private school, or a public school outside of this state which imposes short-term suspension, long-term suspension, or expulsion upon a student in such system or school) should be aware that the Richmond County School System is authorized to refuse to enroll the student or to subject that student to short-term suspension, long-term suspension, or expulsion for any time remaining in that other school system's or school's disciplinary order upon receiving a certified copy of such order if the offense which led to such suspension or expulsion in the other school system or school was an offense for which suspension or expulsion could be imposed in the enrolling Richmond County school. The final decision will be based upon the approval of the Deputy Superintendent or designee.

Students returning from boot camps, incarceration, RYDC or the YDC must report to the Superintendent, or designee, for appropriate transition before enrolling in the Richmond County School System and may be assigned to the Alternative Education Center for an appropriate period of time. The compulsory attendance policy of the State of Georgia applies to the Alternative Education Center and the students assigned thereto.

INTRODUCTION

The rules of the Code of Student Conduct and Discipline are divided into four parts:

- PART I** **Lists the types of student conduct which represent violations**
- PART II** **Outlines the method that will be followed in the processing of alleged violations or in the operation and inspection of motor vehicles on campus**
- PART III** **Outlines appropriate procedures for search of students, students' lockers, and students' desks**
- PART IV** **Outlines alternative means of discipline**

School Assignment

Student assignment to an attendance zone is based on residence. There are exceptions to the residence rule as provided by Federal and State law. The Deputy Superintendent determines such exceptions on a case-by-case basis. Every parent or guardian is required to complete and sign a certificate of residence so school officials may verify that the child is attending the proper school.

If a student moves outside the Richmond County School District or from one zone to another within the district, (excluding those transferred because of attending school out of zone), he or she may be allowed to complete the grading period before transferring if private transportation is provided, and provided that certain conditions are met. Approval must be given by the Superintendent or his designee, the Deputy Superintendent. Refer to Rule 18 for related information.

Improvement of the Student Learning

Environment

Parents and guardians are encouraged to inform their children of the consequences, including potential criminal penalties, of underage sexual conduct and crimes for which a minor can be tried as an adult.

NOTE: See the State Discipline Matrix in the Appendix which shows the correlation between a local rule violation and the requirements for reporting a rule violation to the State Board of Education.

Students are allowed, however, to sell advertisements for the school yearbook and newspaper. At the principal's discretion, a student found to be in violation of this rule may receive disciplinary action as warranted upon the circumstances, which may include, but is not limited to, the revocation of the student's privilege to have electronic devices at school.

Additionally, where there is reasonable suspicion that a phone or other communication device has been used in the violation of school rules or regulations, the school official can review the contents of the phone or device to the extent necessary to demonstrate evidence of a violation.

Furthermore, In the case of juveniles, said juvenile shall be reported to the proper juvenile and law enforcement authorities, as required by law.

There will be three categories of Rule 6 violations:

- A. Simple Possession:** A situation in which a student has in his/her possession a weapon which, in the opinion of the Principal, is not inherently an offensive weapon (example: fingernail file or clippers, scissors or pocket knife), where there is no threat of or actual confrontations; and where it is the student's first offense of a weapon Rule 6 policy violation. Offenses in this category the Principal may handle internally upon the following express conditions and procedures. The Principal shall consult with the Superintendent or designee, inform the Superintendent or designee of the facts, receive permission to handle the matter internally and immediately complete and forward to the Superintendent, the Principal's Incident Report detailing all the facts and circumstances.
- B. Hazardous Object:** Includes but is not limited to, any dirk, bowie knife, switchblade knife, ballistic knife, any other knife having a blade of two or more inches, straight-edge razor, razor blade, spring stick, knuckles, whether made from metal, thermoplastic,

wood, or other similar material, black jack, any bat, club or other bludgeon-type weapon, or any flailing instrument consisting of two or more rigid parts connected in such a manner as to allow them to swing freely, which may be known as a nun chahka, nun chuck, nanchaku, shuriken, or fighting chain, or any disc, of whatever configuration, having at least two points or pointed blades which is designed to be thrown or propelled and which may be known as a throwing star or oriental dart, or any instrument of like kind, any nonlethal air gun, and any stun gun or taser and any other weapon not set forth herein. Such term shall not include any of these instruments used for classroom work authorized by the teacher.

DISCIPLINE: Any student in possession of any hazardous object shall in accordance with Board policy, be forwarded to the student Tribunal for appropriate action. Upon a finding of a violation by the Tribunal of any student found in possession of items listed, the student shall be subject to the following range of discipline by the Tribunal depending on the evidence, facts, and past record of the student:

- 1. Probation;
- 2. In-school suspension (if recommended by Principal at the Tribunal hearing);
- 3. Referral for testing, evaluation or other similar handling;
- 4. Alternative educational setting;
- 5. Long-term suspension (beyond 10 days); expulsion for a specified time commensurate with the offense; or
- 6. Any combination of the above, consistent with the facts, circumstances and evidence of each individual case.

Any student suspended for the semester or expelled shall receive no credit for the period of suspension or expulsion.

The Superintendent or designee, after consultation with the Board Attorney, shall have the discretion to determine whether the weapon or instrument, other than those enumerated above, is in fact a dangerous weapon in accordance with the terms of the policy or appropriate statutes.

Where exceptions are made by the Principal, Superintendent or Deputy Superintendent, as authorized herein, a written Principal's Incident Report shall be made to the Superintendent and kept on file for review by Board of Education members.

- C. for a period of not less than one calendar year, pursuant to Georgia law.

- The Tribunal shall be authorized to place a student determined to have brought a firearm, dangerous weapon, or hazardous object to school in an alternative educational setting (*i.e.*, Alternative Education Center).
- Before any student who is expelled and/or assigned to the Alternative Education Center pursuant to a violation of this subsection seeks readmission to the student's zoned school or other placement, a placement conference shall be held. The school to which the student is to be readmitted shall request by telephone call and by either certified mail or statutory overnight delivery with return receipt requested or first-class mail at least one parent or guardian to schedule and attend a conference with the principal or his/her designee to devise a readmission and behavioral support plan. Failure of the parent or guardian to attend shall not preclude the student from being readmitted to the school. At the discretion of the principal, a teacher, counselor, or other person may attend the conference.

It is recognized that on very rare occasions, a student may unknowingly, unwittingly, involuntarily or unsuspectingly be involved in the presence of or briefly in possession of a firearm. On these rare occasions, the Principal, the Tribunal Chairperson, the Superintendent, or designee, and the Board Attorney, shall have the discretion to determine whether such student was in fact unknowingly, unwittingly, involuntarily or unsuspectingly, in the presence or briefly in possession of such firearm and in certain cases, if all concur, may recommend a different disposition than is required by this policy. Where exceptions are made for firearm possession under these circumstances, a written report shall be made by the Superintendent and distributed to Board of Education Members.

D. In addition, students shall follow O.C.G.A. §16-11-127.1, which reads in part as follows:

designed to be thrown or propelled and which may be known as a throwing star or oriental dart, or any weapon of like kind, and any stun gun or taser as defined in subsection (a) of O.C.G.A. §16-11-106. This paragraph excludes any of these instruments used for classroom work authorized by the teacher.

Students who are absent from school are required to bring a written excuse for the absence their first day back at school. An absence is either excused or unexcused. Absences which are lawful and therefore excusable shall be governed in accordance with the laws of the State of Georgia and the rules and regulations of the State Department of Education and Local Board policy. School System officials participate in the Richmond County Attendance Protocol Committee to establish guidelines and interventions for student attendance, including the review of school climate issues.

ABSENCE(S): DEFINITIONS

Excused Absence

An absence shall be declared excused for:

- A. Personal illness or when attendance in school endangers the student's health or the health of others.
- B. Family death and funeral.
- C. Medical or dental appointments that cannot be scheduled outside school hours.
- D. Attendance of non-school activities or functions authorized by the Superintendent or designee.

(Note: A foster care student, who attends Court proceedings relating to the student's foster care, shall be counted as present by the school.)

Unexcused Absence

Any absence not covered in (A)-(J) above, shall be declared unexcused. It is the policy of the Richmond County Board of Education that no unexcused absences are allowed. If parents keep their child out for other reasons, such absence shall be deemed unlawful and therefore unexcused. For any absence beyond five (5), the parent shall be required to provide a physician's note or other excuse from an acceptable or official third party justifying the absence.

Prearranged Absence

Parents are encouraged not to take their child out of school for vacation. If parents find it necessary for students to miss school due to an out of town trip or college visit (limit 5 days per year), the parents should discuss the matter with the administrator to make necessary arrangements and submit a completed Prearranged Absence Form to the school administration. Requests for prearranged absences must be completed and submitted to the administration at least one week prior to the dates of absence. Approved prearranged absences are designated as excused. The student will be allowed to make up his/her academic work without penalty. When considering whether to approve or disapprove the request, such factors that may be taken into consideration include but are not limited to: the educational value of the proposed experience, the resulting personal or family benefit, and the impact of the absence on the student's academic progress.

Procedures:

1. Submit a completed Prearranged Absence Form to the school office at least one week prior to the absence.
2. After reviewing the request, the school administrator will make the decision whether to approve or disapprove the request.

Extra-Curricular Activities

The school shall not allow a student to participate in any extra-curricular, co-curricular activities or cooperative work experience, if the student was not counted present for the school day. For absences subsequent to the fifth (5th) unexcused absence, the student shall not be allowed extracurricular participation without a physician's note or other excuse from an acceptable or official third party justifying the absence.

Full School Day

For a student to be marked present for a full school day, a student must be in attendance for one-half or more of the school day. However, a student will not be recognized for perfect attendance after ten (10) tardies.

Make-Up Work

- (a) Upon returning to school following an absence, it is the student's responsibility to contact the teacher(s) to request makeup work. The teacher shall promptly and courteously allow students the opportunity to make up missed assignments and tests. The contact should be made on the day the student returns to school unless the teacher allows a longer time. Makeup work must be completed by the student within the time specified by the teacher. In the event of an extended absence, student work may be requested by calling the school. The parent will be able to pick up the work at the end of the day following the request.
- (b) **Suspensions:** For purposes of the countywide attendance protocol, short-term suspensions shall not be considered unexcused absences. Any student who serves a short-term suspension out of school shall be allowed to make up missed assignments and tests. It shall be the teacher's duty to promptly and courteously allow these students the opportunity to make up missed assignments and tests.

Other consequences:

Therefore, in addition to all other provisions of this policy, failure of a parent, guardian or other person residing within the state having control or charge of any child or children between their 6th and 16th birthdays, to enroll and send such child or children to school as defined in O.C.G.A. §20-2-690.1 shall be a violation of the Student Code of Conduct and Discipline.
- (2) Notification of Parents. Schools will notify parents by certified mail when a student has his or her fifth unexcused absence that each unexcused absence thereafter is a separate offense, is a misdemeanor, and, upon conviction, provides for a fine of not less than \$25.00 and not more than \$100.00; imprisonment not to exceed thirty (30) days, community service or any combination of such penalties. In addition, parents will also be notified that the Juvenile Court has the authority to incarcerate truant juveniles for up to thirty (30) days.
- (3) Notification of Juvenile Court. The Juvenile Court and the School System will cooperate when school interventions have not been effective, to refer students and their parents or guardian for a hearing.
- (4) Notification of Students. By September 1 of each school year, **parents and students over 10 years of age on September 1 of that school year will receive a copy of Georgia's compulsory school attendance law. They will also sign a receipt of written notice of consequences and penalties for violating attendance laws as a part of the Code of Student Conduct and Discipline Receipt. Schools will keep these signatures on file for the entire school year.**

Note: Failure to comply with compulsory attendance laws may result in possible denial of a driver's license.

FULL DAY ATTENDANCE REQUIRED

A student who wishes to leave school early must bring a written request to school stating the reason for early dismissal. **Leaving school for unauthorized purposes before the end of the instructional day will be counted as a tardy. Parents should not pick up students before the end of the school day except where there is a legitimate emergency.**

Cutting School and/or Classes

Students and parents should understand that cutting a class or a full school day is an unexcused absence and a serious breach of the rules of the School System.

DISCIPLINE: Accumulation of incidents of cutting school and/or class will warrant disciplinary action. The school site administrator may utilize discretion and issue up to ten (10) days of out of school suspension for an accumulation of incidents of cutting school and/or class. This offense also carries with it the possible recommendation for long-term suspension and a referral to Juvenile Court.

NOTE: Before any student can receive a long-term suspension or be expelled from school, the Principal must follow procedural due process, by referring the student to the Tribunal panel for consideration of long-term suspension or expulsion.

Rule 11 [State 30]

Unexcused Absence from Detention Class

Unexcused absence from detention class will warrant disciplinary action. The following discipline will be administered each school year to those students cutting or absent without authority from detention class.

Rule 12 [State 30]

Tardiness (Grades PreK - 12)

A student is considered tardy when he or she enters the classroom or homeroom after the ringing of the tardy bell.

The accumulation of unexcused tardies will warrant disciplinary action. The accumulation of excused tardies will not warrant disciplinary action; however, there are very few excuses for tardiness which will be accepted as a valid reason for tardiness. Leaving school for unauthorized purposes before the end of the instructional day will be counted as a tardy. Parents should not pick their students up before the end of the school day except where there is a legitimate emergency. The lawful excuses for tardiness are as follows:

- A. Instances where the student has a medical or dental appointment, which cannot reasonably be scheduled outside of the school day. A signed written statement

from the appropriate physician shall be required to validate a tardy for a medical or dental reason.

- B. Appearances before a court when required by subpoena. A copy of said subpoena is to be furnished to the school to validate a tardiness caused by a court appearance.
- C. In special situations, which rarely happen, but are not likely to recur, such as when a parent brings a child to school, if the Principal concurs with the circumstances.
- D. Under unique and rare circumstances, not specifically covered by these exceptions, whereby it would be inappropriate to punish the child for being tardy. Provided, however, that before a legal excuse for tardiness can be given in these circumstances, the Principal must review the matter with the Superintendent or designee and have the Superintendent or designee concur with the Principal's decision to grant an exception where circumstances and policy would warrant.

DISCIPLINE: Accumulation of unexcused tardies will warrant disciplinary action. The school site administrator may utilize discretion and issue up to ten (10) days of out of school suspension for an accumulation of tardies. This offense also carries with it the possible recommendation for long-term suspension and a referral to Juvenile Court.

NOTE: Before any student can receive a long-term suspension or be expelled from school, the Principal must follow procedural due process, by referring the student to the Tribunal panel for consideration of long-term suspension or expulsion.

This includes skirts and dresses and includes any opening, such as a slit, that exposes the thigh above the fingertip/mid-thigh area previously described herein. All pants, including jeans, must be without cutouts or holes that expose the skin above the finger tip/mid thigh area previously described herein. Nothing contained herein shall prohibit any school official from making a decision in the interest of school, student or individual safety.

Rule 16 [State 33, 34, 40]

Cell Phones and Electronic Communication Devices Policy

To promote the best possible learning and social environment in the classrooms and schools of Richmond County, students will adhere to the terms of this policy. The intent of the cell phone policy is to limit access to and use of cell phones in order to avoid distractions from learning and the loss of instructional time.

Under the terms of the RCSS cell phone and electronic communication devices policy, all cellular phones, smart phones, smart watches, any type of headphones, earbuds, and other devices or accessories used to electronically communicate are considered personal electronic communications devices and will be referred to as "cell phone(s)" and/or "electronic communication devices" throughout this policy.

The use of cell phones, electronic communication devices and/or accessories is prohibited for all students at all times during the instructional day, which is defined as the time the student arrives on campus until the end of the school day and/or the time the student leaves campus. The instructional day includes, but is not limited to, class periods, class changes, study halls, and any other structured or non-structured instructional activity that occurs during the normal school day. Students are not allowed to use cell phones in the common areas, hallways, restrooms, locker rooms or any other areas during the instructional day. [Note: The school site administrator, or designee, may offer an incentive for high school students to utilize phones during lunch time, if certain criteria are met, as decided upon by the administration.]

The possession of cell phones and electronic communication devices on school property is a privilege extended to students, and the School System is not responsible for any lost, stolen or damaged electronic communication devices or cell phones, nor will the administration or school officials investigate missing or damaged cell phones.

If students choose to bring cell phones or electronic communication devices to school, students are expected at all times to adhere to the following rules relative to cell phones and electronic communication devices and/or accessories:

1. Regardless of whether student is accessing the School System's Technology Network while operating a cell phone or electronic communication device, all applicable provisions of the Internet Acceptable Use Policy and the Code of Student Conduct and Discipline must be followed.
2. Cell phones, electronic communication devices, and/or accessories must be turned completely off (not on silent or vibrate mode) and put away out of view (as directed by school administration) during the instructional day, as defined above.
3. No text messaging, application-based communication, or social media use is allowed during the instructional day.

Emergency calls may be made in the main office. Parents may contact their children by calling the school's main office. School office staff are able to relay emergency messages from parents to students. Miscellaneous messages cannot be delivered during the school day; students should discuss their appointments and other activities with parents/guardians outside of school instructional time.

Students with serious medical conditions or other unusual circumstances may be given special permission by the school principal to use a cell phone if it is determined to be essential for the health of the student.

DISCIPLINE: Due to the potential disruption a cell phone and electronic communication devices may cause to the instructional environment and safety of the school, the disciplinary actions and consequences for violation of this rule are as follows:

First Offense: The first offense will result in the electronic device being confiscated, to be picked up by the student or parent at the end of the same school day. The incident will be recorded in the student's discipline record within the student database (e.g., Infinite Campus).

Second Offense: The second offense will result in the electronic device being confiscated, to be picked up by the parent on the Friday following confiscation, at the specific time designated by the school. The incident will be recorded in the student's discipline record within the student database (e.g., Infinite Campus).

Third Offense: The third offense will result in the electronic device being confiscated, to be picked up by the parent on the Friday following confiscation, at the specific time designated by the school. The student will receive one day of in-school suspension (ISS). The incident will be recorded in the student's discipline record within the student database (e.g., Infinite Campus).

Fourth Offense: The fourth offense and thereafter will result in the electronic device being confiscated for ten (10) school days, and the parent must schedule a conference with an administrator to retrieve the electronic device. The student will receive three days of in-school suspension (ISS). The incident will be recorded in the student's discipline record within the student database (e.g., Infinite Campus).

Further incidents may result in the student losing the privilege of bringing electronic devices on campus, in-school suspension, out of school suspension, and any other forms of discipline deemed appropriate under the circumstances.

Noncompliance:

All administrators, teachers and/or staff members are authorized to confiscate cell phones, electronic communication devices and/or accessories any time a student is in violation of the Cell Phone/Electronic Communications Device policy. A student's refusal to surrender his/her electronic device(s) to school personnel will be considered noncompliance and insubordination, resulting in two (2) days of out of school suspension, and any other forms of discipline deemed appropriate under the circumstances.

Note: These progressive discipline steps in no way diminish the discretion of the school administrator, who has the right to issue more severe discipline depending upon the facts and circumstances.

Furthermore, nothing in this Policy shall be construed to infringe on any right provided to students with Individualized Education Programs pursuant to the federal Individuals with Disabilities Education Act (IDEA), Section 504 of the federal Rehabilitation Act of 1973, or the federal Americans with Disabilities Act of 1990.

The foregoing steps are not mandatory, and in appropriate cases, any one of or all steps mentioned above may be skipped and riding privileges may be revoked before the third offense. In addition, the school administrator in any case has the discretion and right to issue more severe discipline depending upon the facts and circumstances.

If a student is found to engage in physical acts of violence toward an employee as defined herein, the student shall be subject to the penalties set forth in Rules 4(A), 4(B), or any other appropriate rule of this Code of Student Conduct. If a student is found to have engaged in bullying as defined in this Code of Student Conduct, or in the physical assault or battery of another person on the school bus, in addition to all other discipline which may be allowed by this Code of Student Conduct or law, it shall be required that the parent or guardian of the student and appropriate school officials meet to form a school bus behavior contract for the student. Such contract shall provide for progressive age-appropriate discipline, penalties and restrictions for student conduct on the bus. Contract provisions may include, but shall not be limited to,

 3. If the student denies engaging in such conduct, the Principal or the Principal's designee shall explain the evidence which supports his or her removal from class and give the student an opportunity to present his or her explanation of the situation.
- F. If, after such discussions, the Principal or the Principal's designee seeks to return the student to the teacher's class and **the teacher gives his or her consent**, the student shall be returned to the class, and the Principal or the Principal's designee may take action to discipline the student, as may be warranted, pursuant to section of this Policy.
- G. If, after such discussions, the Principal or the Principal's designee seeks to return the student to the teacher's class and the **teacher withholds** his or

her consent to the student's return to his or her class, the Principal or the **Principal's designee shall:**

1. Determine an appropriate temporary placement for the student by the end of the first school day following such removal; and
2. Shall also take steps to convene a meeting of a placement review committee, which shall convene by the end of the second school day following such removal by the teacher and shall issue a decision by the end of the third school day following such removal by the teacher.

III. Temporary Placement

An appropriate temporary placement for the student shall be a placement that, in the judgment of the Principal or the Principal's designee, provides the least interruption to the student's education and reflects other relevant factors, including, but not limited to, the severity of the behavior that was the basis for the removal, the student's behavioral history, the student's need for support services, and the available education settings; provided, however, that the student shall not be returned to the class of the teacher who removed him or her, as an appropriate temporary placement, unless the teacher gives his or her consent. The temporary placement shall be in effect from the time of removal until the decision of the placement review committee is issued or, if applicable, a placement determination is made pursuant to this section.

IV. Placement Review Committee

- A. Each school shall form one or more placement review committees, each of which is to be composed of three members, to determine the placement of a student when a teacher withholds his or her consent to the return of a student to the teacher's class. For each committee established, the faculty shall choose two teachers to serve as members and one teacher to serve as an alternate member and the Principal shall choose one member of the professional staff of the school to serve as a member. The teacher withholding consent to readmit the student may not serve on the committee. The placement review committee shall have the authority to:
 1. Return the student to the teacher's class upon determining that such placement is the best alternative or the only available alternative; or
 2. Refer the student to the Principal or the Principal's designee for appropriate action consistent with section IV of this policy.
- B. The decision of the placement review committee shall be in writing and shall be made within three school days after the teacher withholds consent to the return of a student. Each member of a placement review committee shall receive training regarding the provisions of this policy, including procedural requirements; Local Board policies relating to student discipline; and the Student Code of Conduct that is applicable to the school. Board counsel may be consulted and provide training and assistance as requested.
- C. If a placement review committee decides to return a student to a class from which he or she was removed, the Principal or the Principal's designee shall implement such decision of the placement

review committee. In addition, the Principal or the Principal's designee may, consistent with any applicable procedural requirements of the Constitutions of the United States and this State and after considering the use of any appropriate student support services, take any of the following actions which are authorized as a response to the alleged violation of the student code of conduct by Local Board policies adopted pursuant to law.

1. Place the student in an alternative education program;
2. Impose out-of-school suspension for not more than ten school days, including any time during which the student was subject to out-of-school suspension after his or her removal from class pursuant to subsection (b) of this Code section; or
3. Make another disciplinary decision or recommendation consistent with Local Board policy.

D. Actions Following Placement Review Decision to Not Return Student:

If a placement review committee decides not to return a student to a class from which he or she was removed, the Principal or the Principal's designee shall implement such decision of the placement review committee. In addition, the Principal or the Principal's designee shall determine an appropriate placement for the student and may take action to discipline the student, in a manner consistent with any applicable procedural requirements of the Constitutions of the United States and this State and after considering the use of any appropriate student support services, as follows, provided that the placement or disciplinary action is authorized as a response to the alleged violation of the Student Code of Conduct by Local Board policies adopted pursuant to law:

1. Place the student into another appropriate classroom or an alternative education program;
2. Impose out-of-school suspension for not more than ten school days, including any time during which the student was subject to out-of-school suspension after his or her removal from class pursuant to subsection (b) of this Code section;
3. Make another placement or disciplinary decision or recommendation consistent with Local Board policy; or
4. Implement or recommend any appropriate combination of the above and return the student to the class from which he or she was removed upon the completion of any disciplinary or placement action taken pursuant to this paragraph.
5. Within one school day of taking action pursuant to this policy, the Principal or the Principal's designee shall send written notification of such action to the teacher and the parents or guardians of the student and shall make a reasonable attempt to confirm that such written notification has been

received by the student's parents or guardians.

- E. Parents or guardians of a student who has been removed from class pursuant to subsection (b) of this Code section may be required to participate in conferences that may be requested by the Principal or the Principal's designee; provided, however, that a student may not be penalized for the failure of his or her parent or guardian to attend such a conference.
- F. The procedures contained herein are minimum requirements. Nothing in this Code section shall be construed to limit the authority of a Local Board of Education to establish additional requirements relating to student conferences, notification of parents or guardians, conferences with parents or guardians, or other procedures required by the Constitutions of the United States or this State.
- G. The Superintendent of Schools shall fully support the authority of Principals and teachers in the school system to remove a student from the classroom pursuant to O.C.G.A. §20-2-738, provided they follow the requirements of this Rule 21.

Rule 22 [State 35]

Gang Membership and Activity

Gangs are herein described as clubs, groups, or organizations of limited membership, which are known to the Richmond County School System through its personal intelligence or through information furnished through local law enforcement officials, to advocate, practice, engage or participate in unlawful acts such as intimidation, violence, or destruction to property. Gangs shall not be permitted on school premises or in school facilities, or to conduct any activities, meetings, or gatherings on or about school facilities, premises, or property at any time. The presence of such gangs is a threat to the safety and well being of the students and school employees of the Richmond County School System, and disruptive to the education process.

- 1. Membership in or affiliation with gangs as defined above shall not be permitted. Membership will be determined, by whatever means, from the existence of objective criteria. While not intended to be an all-inclusive list, and in addition to those items set forth in subpart (2) immediately below, criteria which can serve to indicate membership or affiliation with gangs include the following:
 - (a) Direct admission of gang affiliation
 - (b) Documented information on gang membership
 - (c) Information from known gang affiliate
 - (d) Admission of former membership, with continued associations
 - (e) Photographs indicating gang association
 - (f) Association with gang members.
- 2. Wearing or possessing of any insignia, and/or uniforms, or other means of any gang identification, or using or making any signs, signals, or other means of gang communication or identification by any student or non-student visiting on the premises of any school facility shall not be permitted. Also, refer to Rule 14. This prohibition also includes any symbol,

hair extensions, extreme colors or accessories that may be construed as gang related.

- 3. Any attempt to gather or co-mingle on school premises, facilities, or property for any purpose by gang members shall be prohibited.
- 4. No student shall use, employ, or rely upon his or her gang membership or affiliation to threaten, to intimidate, or to harass verbally or physically other students or employees of the Richmond County School System.
- 5. All of the above prohibitions concerning gangs apply as well to any school functions or events conducted away from school facilities, property, or premises.

Any student who violates this rule shall be subject to discipline, including the sanction of expulsion, if warranted under the particular circumstances of the case.

PART II - PROCEDURAL RULES

Discipline, Suspension, and Expulsion of Students

A. Rationale

Each school shall strive to educate every student and provide for each individual student's needs. Students guilty of misconduct must be disciplined firmly while being assured of due process at all times.

B. Policy

Students are expected to adhere to Board of Education policies and school rules. A wholesome learning environment will be maintained. No student shall prevent other students from being educated in a wholesome learning environment. Students violating this policy and this code may be suspended or expelled in accordance with the procedures set forth herein.

C. Communication

The Principal and staff shall disseminate to students the general and specific policies of conduct of the Board of Education. Policies, rules, and regulations should be included in the student handbook, orientation assemblies, and/or homeroom orientations.

A copy of the Code of Student Conduct and Discipline will be disseminated to each student and parent or guardian and shall be reviewed with the student in orientation meetings, classrooms and or assembly. Parents or students, depending upon the age of the student, will be required to sign for receipt of the Code.

Rule 23

Short-Term Suspension and Suspension of Pre-K through Third Grade Students

The Principal or acting Principal may suspend a student for a period not to exceed ten school days for violation of:

- (a) Any of these rules;
- (b) Any state or federal law;

- (c) Any rule or regulation of the Board of Education or school;
- (d) Any other act constituting misconduct similar to that enumerated in these rules.

Any such suspension shall not require a formal hearing but shall require that only an informal investigation be conducted prior to suspension whereby the Principal or acting Principal shall give the student oral notice of the accusation against such student, and if such student denies the charges, then give such student an explanation of the factual basis of said charges and an opportunity for the student to present any defensive matter in his or her behalf as may be reasonably available. There need be no delay between the time the student is notified of the charges and opportunity for the student to explain his or her side. The purpose of such informal investigation is simply to notify the student of the charges and to ensure fairmindedness and avoid unfair suspension. Students facing an immediate suspension shall be detained pending the arrival of their parent or guardian when practicable. School officials shall endeavor to notify in writing and/or by telephone the parent or guardian of students subject to suspension.

Students who are suspended from school shall not enter upon the campus of any school of the Richmond County Board of Education until the suspension has been completed. Violators will be subject to further disciplinary action and/or prosecution.

No student in Pre-K through 3rd Grade shall be expelled or suspended from school for more than five consecutive or cumulative days during a school year without first receiving a multi-tiered system of supports, such as response to intervention, unless such student possessed a weapon, illegal drugs, or other dangerous instrument or such student's behavior endangers the physical safety of other students or school personnel. If such student is receiving or has received a multi-tiered system of supports, the school shall be deemed to have met the requirements of this section.

NOTE: The regulations under IDEA declare that a special education student suspended for less than a half day is deemed to have been suspended for the entire school day.

Rule 24

Long-Term Suspension or Expulsion

A student shall be subject to expulsion or long-term suspension for any period in excess of ten school days, for any conduct referred to in this code only by action of the Tribunal or appropriate school official after the student has been afforded notice, opportunity for a hearing, and the other procedural rights hereinafter prescribed. Such expulsion or suspension may be administered notwithstanding that the student was previously suspended by other school officials under Rule 20 hereof. Where expulsion or suspension under this rule is proposed to be administered, the Superintendent or other authorized officials shall cause a notice to be given to the student and his or her parent or guardian in accordance with Rule 27 and conduct a hearing in accordance with Rule 27.

Students who are suspended from school or assigned to the Alternative Education Center shall not enter upon the campus

of any school of the Richmond County Board of Education until the suspension has been completed. Violators will be subject to further disciplinary action and/or prosecution.

Students who are assigned long-term suspension or expulsion and who are not allowed or choose not to attend the Alternative Education Center shall not be allowed to make up classwork or tests.

Student Disciplinary Hearing Procedures

[See BOARD POLICY JCEB]

- A. The County Board of Education of Richmond County has appointed a disciplinary hearing Tribunal of school officials, to hold disciplinary hearings following an instance of:
 1. An alleged verbal assault, physical assault or battery by a student upon any teacher, other school official, or employee.
 2. An alleged act of physical violence resulting in substantial physical injury to a teacher, other school official, or employee.
 3. An alleged assault or battery by a student upon another student, if, in the discretion of the school site administrator, the alleged assault or battery could justify the expulsion or long-term suspension of the student.
 4. Substantial damage alleged to be intentionally caused by a student on school premises to personal property belonging to a teacher, other school official, employee, or student, if, in the discretion of the school site administrator, the alleged damage could justify the expulsion or long-term suspension of the student.
 5. Any weapons violation charges.
 6. Any other infractions where the recommendation of the school official is long-term suspension or expulsion.
 7. Any other infractions where the Code of Student Conduct and Discipline requires referral to the tribunal.

[Note: Any teacher, school official, employee, or student who is subjected to the assault, battery, or damage described above shall file a complaint with the school administration and with the Local Board of Education, through central office administration.

- B. The disciplinary Tribunal of school officials shall be composed as follows:
 1. Each panel so appointed shall consist of a minimum of three members, made up of a combination of teachers, administrators and/or other school officials, as may be appropriate.

2. Annually, the Board of Education through the Superintendent, as necessary, shall appoint Tribunal panels to hear the cases described herein.

The specific persons who fit the categories mentioned above to serve on the alternate Tribunals shall be recommended by the Superintendent and approved by the Board of Education. If at any time it becomes necessary to add new Tribunal members because of the case load or to substitute new members, the Board of Education has the authority to do so, although any substitution of new members shall be recommended by the Superintendent and approved by the Board of Education.

The Board Attorney shall in all instances prepare such written charges and procedural notifications as are necessary. Additionally, in all instances, the Board Attorney shall, as required, act as legal advisor to the Tribunal. In the event that any student is represented by counsel, the Board Attorney shall be consulted and where, in his/her opinion, after consultation with the Superintendent it is appropriate, (s)he may act as prosecuting attorney or legal advisor. This decision must be made on a case by case basis, dependent on the circumstances.

When two or more students are charged with violating the same rule and have acted in concert and the facts are basically the same for all such students, a single hearing may be conducted for them if the presiding officer believes that the following conditions exist:

1. A single hearing will not likely result in confusion; and
2. No student will have his/her interest substantially prejudiced by a group hearing.

If during the hearing the presiding officer finds that a student's interest will be substantially prejudiced by the group hearing, the presiding officer may order a separate hearing for that student.

In addition to any other responsibility from time to time imposed upon such Tribunal, the Tribunal shall see that the following occurs:

1. All parties are afforded an opportunity for a hearing after reasonable notice served personally or by mail and/or overnight delivery, when appropriate. This notice shall be given to all parties and to the parent or guardian of the student or students involved and shall include a statement of the time, place and nature of the hearing; a short and plain statement of the matters asserted; and statement as to the right of all parties to present evidence and to be represented by legal counsel.
2. This hearing will take place no more than ten (10) school days after the beginning of the suspension unless the school system and parents or guardians mutually agree to an extension, in which case the school system shall set a new date and time of the hearing that shall not occur more than fifteen (15) school days after the beginning of the suspension. The hearing may be held later than fifteen (15) school days after the beginning of the suspension upon a written request by a parent or guardian and agreement by the school system.
3. All parties are afforded an opportunity to present and respond to evidence and to examine and cross-examine witnesses on all issues unresolved;

4. All parties are afforded the right to subpoena witnesses who can testify as to the relevant matter. Any teacher called as a witness by the school system will be notified no later than three (3) days prior to the hearing;
5. A verbatim electronic (video/audio) or written record of the hearing shall be made and shall be available to all parties, as may be appropriate according to the law; and
6. The school system shall provide appropriate grade-level instructional materials to any student awaiting completion of the hearing provided for in this procedure.
7. Nothing in this paragraph shall be construed to infringe on any right provided to students with Individualized Education Programs pursuant to the Individuals with Disabilities Education Act (IDEA), Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act of 1990.

The Tribunal shall conduct the hearing and after receiving all evidence, render its decision, which decision shall be based solely on the evidence received at the hearing. The decision shall be in writing and shall be given to all parties within ten (10) days of the close of the record.

The Tribunal of school officials, once appointed, and following the evidence, shall determine what, if any, disciplinary action shall be taken. Such action may include, but is not limited to, assignment to an alternative setting, expulsion, long-term suspension, short-term suspension, and/or referral to appropriate testing or evaluation department of the School System. [Note: If the Tribunal determines, based on the evidence that a student has committed an act of physical violence resulting in substantial injury to a teacher, the student shall be suspended from all public school programs, including alternative education programs, for not less than the remainder of the school year.]

Any action taken by the Tribunal panel shall be subject to modification by the Local Board on appeal. The student's parent/guardian may appeal the Tribunal panel's decision to the Local Board of Education by submitting a written request to the Superintendent of the Richmond County School System, 864 Broad Street, Augusta, Georgia 30901. This request must be made within twenty (20) calendar days (including weekends, public and legal holidays) from the date the Tribunal decision is rendered by the panel. The written notice of appeal should set forth the reasons, together with any supporting arguments, as to why the Tribunal's decision is alleged to be incorrect. The notice should further specify what portion(s) of the record support the appellant's contentions. No new evidence will be allowed.

Any disciplinary action imposed by such officer, panel, or Tribunal may be suspended by the Superintendent of Schools pending the outcome of the appeal. In addition, at the request of the Deputy Superintendent, or designee, the Superintendent may review certain tribunal decisions on a case-by-case basis.

In the event of an appeal, the Local Board shall review the record and shall render a decision in writing. The decision shall be based solely on the record and shall be given to all parties within ten (10) days, excluding weekends and holidays, from the date the Local Board receives the request for an appeal.

The decision of the Local Board will be based solely on the record created during the Tribunal due process hearing. The Local Board will not consider any new evidence. The Local Board has the power to affirm, reverse, or modify the Tribunal's decision. The Local Board's decision will be final, unless an appeal is made to the State Board of Education by filing a notice of appeal in writing with the Richmond County School System Superintendent within thirty (30) calendar days of the Local Board's decision. The appeal shall set forth: the question in dispute; the decision of the Local Board; and a concise statement of the reasons why the decision is being appealed. The contents of this notice of appeal and the procedure to be followed before the State Board of Education of Georgia are specified in O.C.G.A. §20-2-1160 and State Board Rule 160-1-3-.04, School Law Tribunals and Appeals.

The Tribunal of school officials or the Local Board of Education may report the incident giving rise to the hearing to the appropriate law enforcement agency or officer for investigation to determine if criminal charges or delinquent proceedings shall be initiated.

Students in grades Pre-K through 5 are generally excluded from the terms of this policy; however, in special circumstances, the tribunal may hear such cases. The Board also adopts as policy those provisions of O.C.G.A. §20-2-756 and §20-2-757 relating to the Open Meeting Law. To comply with O.C.G.A. §20-2-757(b), the Board of Education, after review of a case, shall prepare a written summary of any proceeding under this subpart which summary shall include a description of the incident and the disposition thereof, but shall not contain the names or personally identifiable information of any party to the incident, although the summary shall be a public record. The Board also adopts the provisions of §20-2-758 of the Official Code of Georgia.

***FOR PRE-K thru 5 DISCIPLINE OPTIONS, REFER TO RULES 23 AND 24**

Rule 28(A)

Use of Reasonable Physical Contact, Seclusion and Restraint

The Richmond County School prohibits the use of corporal punishment by its employees. Teachers and principals have the authority to take customary and reasonable measures to maintain proper control and discipline among students placed under their care and supervision. In accordance with Board Policy JGF(2) and Procedure JGF(2)-R(1), there are instances where the use of reasonable physical force or physical contact is necessary and appropriate in a school system. The prohibition of corporal punishment should not be construed to eliminate or restrict the ability of a School System employee to use his/her professional discretion in the use of reasonable physical contact to protect students, themselves, or others from imminent harm or bodily injury. Nothing in that policy shall be construed to prohibit an employee of the School System from taking appropriate action to diffuse a student fight or altercation. Physical restraint is allowed in limited circumstances as governed by Board Policy JGF(2) and Procedure JGF(2)-R(1).

Rule 28(B)

Alternative Disciplinary Consequences

A student subject to short-term suspension may be provided with the opportunity to reduce the period of suspension by completing alternative disciplinary consequences. The decision to allow a student the opportunity to reduce the period of suspension shall be at the discretion of the Principal or assigned administrator, determining the consequence imposed as a result of the student's misconduct. If allowed by the administrator, the student shall have the option to complete the alternative disciplinary consequences or to serve the full term of his or her suspension. The following alternative disciplinary consequences are currently authorized: perform school site based community service.

Rule 29

Emergency Suspensions

Notwithstanding the provisions of Rules 24 and 27, students may be suspended for periods in excess of ten days without notice, hearing, and the other rights provided by Rules 24 and 27 being first given where the school is undergoing a violent upheaval or where orderly educational processes have otherwise been substantially disrupted. In all such cases, notice, hearing, and the other rights shall be provided in accordance with Rule 27 at the earliest practicable date that the restoration of order permits. Nothing in this Rule is intended to modify procedures to be followed for special education or other appropriate special needs students, as well as provisions relative to Pre-K through Third Grade students.

Rule 30

Alternative Educational Setting An alternative to suspension from school may be assignment to the Alternative Education Center subject to the Principal's recommendation and the approval of a screening committee. Students assigned to the Alternative Education Center will adhere to all rules and regulations of the Code of Student Conduct and Discipline for the Richmond County School System, as well as all rules and regulations in the handbook for the Richmond County Alternative Education Center.

It is the policy of the State of Georgia that it is preferable to reassign disruptive students to alternative educational settings rather than to suspend or expel such students from school. O.C.G.A. §20-2-751.5(d). The compulsory attendance policy of the State of Georgia applies to the Alternative Education Center and the students assigned thereto.

Rule 31

Threat to Health or Safety

Any student who has a dangerous communicable disease that poses a substantial threat to the health or safety of the school community may be removed from the school. The Richmond County Board of Health and the Georgia Department of Human Resources are agencies which determine the disease(s) which are considered communicable.

Reentry of a student who has been excluded for protective reasons from the school community may be initiated upon the receipt of a signed affidavit from a licensed physician and/or the Richmond County Board of Health.

Rule 32

Designated Felony Status, Off-Campus Conduct, and Return from Incarceration

(A) Designated Felony Status

Pursuant to O.C.G.A. § 20-2-768, in the event a student has been convicted of, adjudicated to have committed, indicted for, or had information filed regarding the commission of any felony, or any delinquent act under Code Sections 15-11-602 and 15-11-707 which would be a felony if committed by an adult, the School System is authorized to refuse to readmit or enroll the student. Notwithstanding the foregoing, the Superintendent, or his designee, in his discretion, shall be authorized to assign the student to an alternative education setting, as appropriate, and in the best interest of the student and the education of other students within the school system.

In the event the student is refused readmittance or enrollment into the school system, or the student is assigned to the alternative education setting, the student and parent shall be promptly notified of the student's designated felony status and its effects on the student's educational setting. Such notice shall provide the student or parent the right to request a due process hearing concerning the student's designated felony status as provided under O.C.G.A. § 20-2-768 and O.C.G.A. § 20-2-754. In the event a student or parent requests such a hearing, the hearing will concern solely the existence of the charge creating the designated felony status and the adjudicative status of the charge, not the facts of the underlying offense.

Upon notification that the felony charge has been dropped, dismissed or modified, or that the student has been found innocent, the matter shall be reviewed to determine if the alternative education setting should or may be terminated.

Nothing herein shall prevent the System from providing a free and appropriate public education to students served or otherwise entitled to receive educational services under IDEA or Section 504.

(B) Off-Campus Conduct

In addition to the foregoing, pursuant to O.C.G.A. § 20-2-751.5(c), in the event a student engages in off-campus conduct which could be charged as a felony if committed by an adult, and which conduct makes the student's continued presence at school a potential danger to persons or property at the school or which disrupts the education process, the student may be subject to a disciplinary hearing pursuant to Rule 27 of the Code of Student Conduct and Discipline, at which hearing, the school administration has the burden to prove both the off-campus conduct and that the student's continued presence would create a potential danger or disruption to school environment. Such situations will be rare, and as soon as the student no longer poses such danger or disruption, the student shall be allowed to return to his or her assigned school.

(C) Return from Incarceration

Students returning from boot camps, RYDC, the YDC, or a period of incarceration must report to the Superintendent, or

designee, for appropriate transition before enrolling in the Alternative Education Center.

Rule 33

Discretionary Authority

Notwithstanding anything contained in this Code of Student Conduct and Discipline to the contrary, after hearing and weighing all of the evidence presented, the Tribunal may determine that it is appropriate, based on the particular facts and circumstances surrounding the violation of the Rule(s) involved, that the student should receive a greater or lesser discipline than is set forth herein for specific rule violations. The Tribunal, after consultation with the Board Attorney, shall have the discretion to modify the discipline set forth herein for specific rule violations according to the particular facts and circumstances surrounding the violation of the rules involved except when prohibited by state or federal law. Provided, however, a written summary of the reasons for the modification shall be included in the Student Tribunal Hearing Report and a copy of the same will be sent to the Superintendent.

Furthermore, the Superintendent shall have the authority (either before or after the student is referred for a Tribunal hearing) to modify the discipline set forth in the Code of Student Conduct and Discipline where the discipline contained therein appears excessive in light of the circumstances. In any Tribunal decision appealed to the Board of Education, the Board may modify the mandated discipline, but shall consider whether the Superintendent and/or the Tribunal considered a reduction and the rationale in denying such a reduction.

PART III - SEARCHES

Searches of Students, Students' Lockers and Desks and Operation of Motor Vehicles on Campus

Rule 34

A. Searches of Students

Any student may be searched with a duly issued warrant. Any student may be searched by school officials (defined as the Principal or designee) without a warrant where there is reasonable suspicion.

Other conditions under which school authorities would be acting properly in searching a student or his or her possessions without a warrant are:

- A.** If the student has consented;
- B.** If a contraband item is in plain view;
- C.** If the evidence or contraband is discovered while responding to an emergency;
- D.** If the official has reasonable suspicion to believe the individual is armed and dangerous; and
- E.** In all other circumstances where the school official acts to protect the life and property and health of students, teachers, or other individuals.
- F.** As part of the suspicionless inspection program of lockers and vehicles, searches of the person are to be directed primarily to individual students and not to groups. (Strip searches should be conducted only in very limited circumstances where there is probable cause and only after consultation with the Superintendent or Deputy Superintendent or, where necessary, the Board Attorney.) (See Rule 16, for similar provisions for motor vehicles on campus.)

PART IV - ALTERNATIVE MEANS OF DISCIPLINE

B. Searches of Students' Lockers and Desks

Students' lockers and desks are school property, which are made available for students' use upon their option. By exercising their option to use such lockers and desks, students agree and consent that said lockers and desks shall be subject to reasonable searches by school officials in particular circumstances, as well as routine periodic random searches by school officials. Such routine suspicionless inspections of said lockers and desks may be held without the student being present. Where the school official has a reasonable suspicion or reliable information that a particular student's locker or desk should be searched, said search shall be conducted by the school official, where the student is available, in the presence of the student. Non-suspicionless random locker inspections shall be held no less than twice annually.

Rule 35 [State 24]

Operation of Motor Vehicles On Campus

Any student who drives or parks a motor vehicle on property of the Richmond County Board of Education must first apply for and obtain or purchase, as the case may be, a permit and display same, as required, on such motor vehicle and obey all rules and regulations of the Board of Education pertaining to the operation and parking of motor vehicles on school property. Proof of insurance is required if a student operates a vehicle on campus.

In addition, the student and the parent or guardian in making the parking permit application, must agree and affirm in writing to the following:

- A.** That school authorities (Principals and their designees) may search a vehicle:
 - i.** Where there is consent of the student, contraband in plain view, if evidence or contraband is discovered while responding to an emergency or during the handling of a traffic violation.
 - ii.** Where the student is in the parking lot without written permission or during non-authorized hours.
 - iii.** In all circumstances where the school official acts to protect the life, property and health of students, teachers or other individuals.
- B.** Further, the student and parent or guardian recognize that the Board of Education has the responsibility to ensure the safety of all students and provide a wholesome learning environment.
- C.** Thus, school authorities are to be given permission to conduct random suspicionless searches of the parking lot and all vehicles without warrants; and, in the discretion of school officials to utilize the assistance of canines trained to detect drugs, explosives or weapons.

Rule 36

Positive School Climate

The Richmond County School System provides various resources to help schools establish a positive school climate for staff and students and to help address student behavioral problems. The discipline framework at each school may include Positive Behavior Interventions and Supports, Multi-Tiered Systems of Support, student services support (*i.e.*, school counselors, school social workers, peer mediation, peer tutoring, conflict resolution programs, anger management courses), and other interventions that support the social-emotional needs of students.

Consistent with the requirements of this Code, as an additional component of progressive discipline, each school in the System may develop and implement a schoolwide system of monitoring student behavior and intervening appropriately. This system identifies and defines the major behavioral infractions that will be addressed by school administration, such as those outlined in the Code of Conduct, and the minor behaviors that can be addressed at the classroom level. School teams can work to develop proactive practices that model behavior expectations for students, support their progress, and acknowledge their success in adhering to established rules and routines. Promoting positive behavior choices allows for instructional time to be maximized and promotes a climate of greater productivity, safety, and learning. School teams can also use discipline data to track behavior patterns throughout the school year and determine what additional steps may be taken, with the goal of continuously reinforcing a positive learning climate for all students and staff.

Parents play an important role in the process of establishing a schoolwide behavior management system. At the start of the school year, administrators and teachers will communicate schoolwide rules and expectations to all parents so that they can work with schools to support the positive behaviors expected from all students. Parents can also participate in classroom or schoolwide events that celebrate students' success in achieving behavioral milestones.

Rule 37

Policy and Guidelines for In-School Suspension

In-School Suspension is provided for High and Middle School Students. Alternative educational settings such as PASS, Time Out and other interventions may be provided for elementary students. The In-School Suspension program is a means of working with students who are a discipline problem by removing them from their regular classroom setting without removing them from the school.

This program is not to replace any of the workable means of school discipline by the teacher, nor is it to be considered a final solution to the most critical discipline problems, but is explored to enhance the overall school discipline and to keep students in school.

The purposes of the In-School Suspension program are:

1. Provide alternatives for dealing with student misconduct other than removal from the academic setting (*i.e.*, out of school suspension).
2. Reduce the number of suspensions by providing assistance to the student through positive modification of behavior that otherwise would usually lead to suspension.
3. Allow a student to continue his/her academic process while preventing the student from being in contact with peers until his behavior improves.
4. Provide opportunities for the in-school suspension student to examine his/her system of values in relationship to the values of the school and society-at-large and reconcile existing conflicts.

The following requirements must be adhered to by all In-School Suspension programs in the system.

1. Students assigned to the program must be isolated from all activities which include:
 - a. Homeroom (optional to individual school).
 - b. Lunchroom (to eat at a time or place separate from the regular program).
 - c. Restroom (at a time when other students are not on break).
 - d. Extracurricular activities including practice (band, music, football, etc.).
 - e. Physical education classes (students assigned to in-school suspension may participate in physical education separate from the regular P.E. classes).
 - f. All regular class activities including laboratory work.
2. Teachers are to provide students with assignments for the number of days a student is in the program.
3. Assignments are to be graded by the classroom teachers and the same credit given to the in-school suspension student as is given to any other student for the same assignments.
4. In-school suspension students are to complete the assignments during the same period as any other student.

If a student in the In-School Suspension program does not complete the assignment for the day, he does not get credit for that day in in-school suspension.

5. Students are to follow their daily schedule of subjects while studying in the in-school program.
6. If a student gets sick while in the in-school suspension classroom, the nurse is to come to the in-school suspension classroom, or the in-school suspension teacher is to take all students in the room as a group to the clinic.
7. The Principal or Assistant Principal makes the decision of whether a student is assigned to the In-school Suspension Program. Parents are notified about in-school suspension assignments in the same manner as they are when students are suspended out of school. This can be done by conference, telephone, or electronic communication. The Principal or Assistant Principal makes the decision regarding a parent's objection to their child being put in the program with the usual option being that the student can be suspended out of school.
8. If the student is absent from school, he/she must make up the day missed.
9. Any test a student needs to take while in the program will be given by the in-school suspension teacher or as determined by the individual school plan.
10. Major student offenses, including but not limited to Rules 4, 5 and 6, or their counterparts, shall be dealt with in accordance to the regulations outlined by the Richmond County Board of Education and the Student Tribunal Act.

Grades 9 - 12:

The number of days assigned a student in the program shall not exceed fifteen (15) per school year for high school students.

Grades 6 - 8:

The number of days assigned to middle school students shall be left to the discretion of Principal or Assistant Principal.

FREQUENTLY ASKED QUESTIONS REGARDING STUDENT DISCIPLINE

Why do we have a Student Code of Conduct and Discipline?

We have a Student Code of Conduct and Discipline to help everyone understand what is expected of students concerning their behavior. This document also explains what happens if these expectations are not met and if rules are not followed.

Does the Student Code of Conduct and Discipline apply to students when they are off-campus?

Yes, there are particular circumstances in which the provisions of the Student Code of Conduct and Discipline may apply to off-campus behavior; therefore, the expectations and rules should be followed when students are off-campus.

Can serious violations result in serious consequences?

Yes, the consequences can be serious, and may include detention, suspension, expulsion, assignment to the Alternative Education Center and/or a referral to court.

My child was in a fight at school. How can I find out what actions were taken against the other student(s)?

The Family Educational Right to Privacy Act (FERPA) does not allow staff to discuss discipline actions taken against other students.

Does the School System have the right to conduct searches?

Yes, we want to make sure our schools are safe and secure places. We may have unannounced weapon and drug searches during which lockers, desks, cabinets, and other school property may be searched. Searches of students and their belongings may occur any time when there is a reasonable suspicion to believe that the student has violated a law or school policy. For more information, please see Rules 34 and 35 of the Code of Student Conduct and Discipline.

If a student brings a weapon to school, will the student get in trouble with the school or police?

Bringing a weapon to school is a felony. Therefore, this behavior subjects students to the possibility of discipline within the School System as well as potential criminal charges.

Can students with disabilities be disciplined?

Yes, students with disabilities may be disciplined for not following the rules just the same as students without disabilities; however, specific steps must be followed. For more information, please see *Discipline Procedures for Students with Disabilities*, which is included in the Code of Student Conduct and Discipline.

My child was detained by the Department of Juvenile Justice at RYDC/YDC. Can he/she return to the zoned school upon completing the time at the Department of Juvenile Justice facility?

No, students returning from boot camps, incarceration, RYDC or YDC must report to the Deputy Superintendent, or designee, for appropriate transition before enrolling in the Richmond County School System. Note: The compulsory attendance policy of the State of Georgia applies to the Alternative Education Center and the students assigned thereto. For more information, please see Rules 30 and 32 of the Code of Student Conduct and Discipline.

Can my child return to school after conviction of a crime or pleading guilty to a crime committed in the community and/or incarceration?

A student who has pled guilty to or been convicted of an offense and has therefore served a sentence in a correctional or juvenile detention facility and who wishes to return to school is required to report with his/her parents/guardians to the Office of School Climate/Deputy Superintendent prior to returning to school. These students may be referred to the Student Discipline Tribunal when the behavior could have or did result in the student being charged with a felony and/or where that behavior makes the student's presence at a school potential danger to persons or property or which disrupts the education process. For more information, please see Rules 30 and 32 of the Code of Student Conduct and Discipline.

Policy BULLYING

Descriptor Code: JCDAG

The County Board of Education of Education of Richmond County believes that all students can learn better in a safe school environment. Behavior that infringes on the safety of students will not be tolerated. Bullying, as defined in Georgia law, of a student by another student is strictly prohibited. Such prohibition shall be included in the Code of Student Conduct and Discipline for all schools within the school system.

A student shall not bully, attempt to bully, or threaten to bully any person, including students and employees.

Bullying is defined as follows: An act that is:

1. Any willful attempt or threat to inflict injury on another person, when accompanied by an apparent present ability to do so;
2. Any intentional display of force such as would give the victim reason to fear or expect immediate bodily harm; or
3. Any intentional written, verbal, or physical act which a reasonable person would perceive as being intended to threaten, harass, or intimidate, that:
 - a. Causes another person substantial physical harm within the meaning of Code Section 16-5-23.1 or visible bodily harm as such term is defined in Code Section 16-5-23.1;
 - b. Has the effect of substantially interfering with a student's education;
 - c. Is so severe, persistent, or pervasive that it creates an intimidating or threatening educational environment; or
 - d. Has the effect of substantially disrupting the orderly operation of the school.

The term applies to acts which occur in school, on school property, on school vehicles, at school bus stops, at school related functions or activities, enroute to and from school or by use of data or software that is accessed through a computer, computer system, computer network, or other electronic technology of this School System.

The term also applies to acts of **cyberbullying** which occur through the use of electronic communication, whether or not electronic act originated on school property or with school equipment, if the electronic communication: (1) is directed specifically at students or school personnel, (2) is maliciously intended for the purpose of threatening the safety of those specified or substantially disrupting the orderly operation of the school, and (3) creates a reasonable fear of harm to the students' or school personnel's person or property or has a high likelihood of succeeding in that purpose. Electronic communication includes, but is not limited to, any transfer of signs, signals, writings, images, sounds, data or intelligence of any nature transmitted in whole or in part by a wire, radio, electromagnetic, photo electronic or photo optical system.

Using artificial intelligence (AI) tools to manipulate media to create inappropriate material of any kind and/or to impersonate others (e.g., name, image or likenesses of others) for the purpose of or having the effect of bullying, harassment, or any form of intimidation is strictly prohibited. All users are expected to employ these tools solely for educational purposes, upholding values of respect, inclusivity and academic integrity at all times.

Reporting

Students, parents, guardians, or other persons who have control or charge of a student, either anonymously or in person, are encouraged to report or otherwise provide information on bullying activity to the school principal or designee. Any teacher or other school employee who, in the exercise of his or her personal judgment and discretion, believes he or she has reliable information that would lead a reasonable person to suspect that someone is a target of bullying should immediately report it to the school principal.

Any report of bullying will be appropriately investigated by the administration in a timely manner based on the nature of the complaint to determine the following:

- a. whether bullying has occurred;
- b. whether there are other procedures related to illegal harassment or discrimination that should be implemented; and
- c. what other steps should be taken.

Discipline

Acts of bullying shall be punished by a range of consequences through the progressive discipline process, as stated in the Code of Student Conduct and Discipline. Such consequences shall include, at a minimum and without limitation, disciplinary action or counseling, as appropriate under the circumstances. However, upon a finding by the disciplinary hearing officer or tribunal that a student in grades 6-12 has committed the offense of bullying for the third time in a school year, the student shall be assigned to an alternative school. Nothing herein shall prohibit the tribunal panel from assigning the student to the Alternative Education Center before a third offense of bullying should the circumstances warrant.

Notification of Bullying Offense

Upon a finding by a school administrator that a student has committed an act of bullying or is a victim of bullying, the administrator or designee shall notify the parent, guardian, or other person having control or charge of the student by telephone call or through written notice, which may be done electronically.

General Notification of Bullying Prohibition

Students and parents will be notified of the prohibition against bullying and the penalties for violating the prohibition by posting such information at school and by way of the inclusion of such information in the Code of Student Conduct and Discipline.

Retaliation Prohibited

Under O.C.G.A. § 20-2-751.4, retaliation against any person who reports, is thought to have reported, files a complaint or otherwise participates in an investigation or inquiry is prohibited. Any report of retaliation for reporting bullying will be investigated and addressed as called for in this policy and in accordance with school system procedures.

False Reporting

Any student who knowingly files a false report of bullying, harassment or intimidation shall be punished under existing disciplinary provisions.

Immunity

Any person who reports in good faith an incident of bullying, shall be immune from civil liability for any damages caused by such reporting. In determining when and how to implement this policy and any procedures related to it, educators exercise their professional judgment and discretion. Therefore, the policy is not to be construed as imposing ministerial duties on individual employees. Further, it is not intended to interfere with the duties of law enforcement.

Policy**Internet Acceptable Use****Descriptor Code: IFBG**

It is the policy of the Richmond County Board of Education that employees and students should be furnished educational opportunities and resources to have access to Internet-based instructional programs and administrative services. The primary purpose and mission of the Richmond County Board of Education is to educate students to become lifelong learners and productive citizens in the 21st Century. Technology plays a role in this mission by providing quality programs, information and learning activities along with support and services to improve student learning and enhance instructional and administrative effectiveness. The instructional use of interactive computer and web-based technology will prepare students for the future. Technology includes computer hardware, software, local and wide area networks and access to the Internet. Due to the complex nature of these systems and the magnitude of information available via the Internet, the Richmond County Board of Education has adopted procedures regarding acceptable use to ensure that the technology users share in the technology resources in an effective, efficient, ethical and lawful manner. Particular attention should be given to ensuring that students are not granted access to anything other than educational and instructional materials and resources.

The Richmond County Board of Education is committed to: (a) preventing user access over its computer network to, or transmission of, inappropriate material via Internet, electronic mail, or other forms of direct electronic communications; (b) preventing unauthorized access and other unlawful online activity; (c) preventing unauthorized online disclosure, use, or dissemination of personal identification information of minors; and (d) complying with the Children's Internet Protection Act [Pub. L. No. 106-554 and 47 USC 254(h)]. Each user must follow the Richmond County School System Internet Acceptable Use Procedures found in the Richmond County Board of Education Code of Student Conduct and Discipline.

Procedures have been adopted to address Internet safety, which include:

- (a) Access by minors to inappropriate matter on the Internet and World Wide Web
- (b) Safety and security of minors when using electronic mail, instant messaging, chat rooms and other forms of direct electronic communications
- (c) Unauthorized access, including so-called "hacking," and other unlawful activities by minors online
- (d) Unauthorized disclosure, use and dissemination of personal information of minors
- (e) Restricting minors' access to materials harmful to them

The Superintendent is authorized to designate certain persons in the School System who will be allowed to disable the blocking or filtering measure placed on the computer system during the use by an adult to enable access for bona fide research or other lawful purposes.

Descriptor Code: IFBG

Internet Acceptable Use Procedures

The Internet Acceptable Use Procedures apply to all students, faculty, staff, employees and visitors (both adults and minors) of the Richmond County School System. All users of the RCSS network and/or other electronic informational services must maintain strict compliance with all applicable ethical and legal rules and regulations regarding access. The school system reserves the right to monitor, access, and disclose the contents of any user's files, activities, or communications.

Availability of Access:

The Internet will be available to users for instructional and administrative purposes. The electronic information available to users does not imply endorsement by the Richmond County Board of Education. The use of the network is a privilege, not a right, and misuse will result in disciplinary actions, including cancellation of those privileges.

Security:

Users must maintain appropriate passwords to obtain access to the network. Login information, user names, and passwords are confidential and it is the responsibility of the user to safeguard that information. Passwords should be at least 8 characters and should contain a number and a capital letter. No user should login with another user's information.

While the Internet is an extremely valuable tool for educational research, information is accessible that may not be appropriate according to community, school, or family standards. The Richmond County Board of Education provides an Internet filtering system which blocks access to a large percentage of inappropriate sites. Specifically, as required by the Children's Internet Protection Act, visual depictions of material deemed obscene or child pornography, or any material deemed to be harmful to minors will be blocked by the web filtering system.

It shall be the responsibility of all educators of the Richmond County School System, including administrators, instructional supervisors, principals, teachers, media specialists, technology specialists, guidance counselors, instructional paraprofessionals and any other personnel having access to the online computer network for instructional purposes, to supervise and monitor usage of the online computer network and access to the Internet in accordance with this policy and the Children's Internet Protection Act (CIPA), as much as is practical.

A series of age appropriate Internet Safety courses will be taught to all students in the Richmond County School System to provide education on appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, safety and privacy, as well as cyberbullying awareness and response. School personnel have the discretion to provide such other training or to implement such other curricula, provided that such training or curricula meet the requirements of CIPA, as may be amended from time to time. Any suggested topics or proposed curricula are intended as a guideline and in no way replace or diminish the professional judgment and discretion of the administrators or school personnel implementing this policy.

ACKNOWLEDGMENT AND AGREEMENT OF THE RICHMOND COUNTY SCHOOL SYSTEM CELL PHONES AND ELECTRONIC COMMUNICATION DEVICES POLICY

To promote the best possible learning and social environment in the classrooms and schools of Richmond County, students will adhere to the terms of this policy. The intent of the cell phone policy is to limit access to and use of cell phones in order to avoid distractions from learning and the loss of instructional time.

Under the terms of the RCSS cell phone and electronic devices policy, all cellular phones, smart phones, smart watches, any type of headphones, earbuds, and other devices or accessories used to electronically communicate are considered personal electronic communications devices and will be referred to as “cell phone(s)” and/or “electronic communication devices” throughout this policy.

The use of cell phones, electronic communication devices and/or accessories is prohibited for all students at all times during the instructional day, which is defined as the time the student arrives on campus until the end of the school day and/or the time the student leaves campus. The instructional day includes, but is not limited to, class periods, class changes, study halls, and any other structured or non-structured instructional activity that occurs during the normal school day. Students are not allowed to use cell phones in the common areas, hallways, restrooms, locker rooms or any other areas during the instructional day. [Note: The school site administrator, or designee, may offer an incentive for *high school* students to utilize phones during lunch time, if certain criteria are met, as decided upon by the administration.]

If students choose to bring cell phones or electronic communication devices to school, students are expected at all times to adhere to the following rules relative to cell phones and electronic communication devices and/or accessories:

1. Regardless of whether student is accessing the School System’s Technology Network while operating a cell phone or electronic communication device, all applicable provisions of the Internet Acceptable Use Policy and the Code of Student Conduct and Discipline must be followed.
2. Cell phones, electronic communication devices, and/or accessories must be turned completely off (not on silent or vibrate mode) and put away out of view (as directed by school administration) during the instructional day, as defined above.
3. No text messaging, application-based communication, or social media use is allowed during the instructional day.

Emergency calls may be made in the main office. Parents may contact their children by calling the school’s main office. School office staff are able to relay emergency messages from parents to students. Miscellaneous messages cannot be delivered during the school day; students should discuss their appointments and other activities with parents/guardians outside of school instructional time.

Students with serious medical conditions or other unusual circumstances may be given special permission by the school principal to use a cell phone if it is determined to be essential for the health of the student.

DISCIPLINE: Due to the potential disruption a cell phone and electronic communication devices may cause to the instructional environment and safety of the school, the disciplinary actions and consequences for violation of this rule are as follows:

First Offense: The first offense will result in the electronic device being confiscated, to be picked up by the student or parent at the end of the same school day. The incident will be recorded in the student’s discipline record within the student database (e.g., Infinite Campus).

Second Offense: The second offense will result in the electronic device being confiscated, to be picked up by the parent on the Friday following confiscation, at the specific time designated by the school. The incident will be recorded in the student’s discipline record within the student database (e.g., Infinite Campus).

Third Offense: The third offense will result in the electronic device being confiscated, to be picked up by the parent on the Friday following confiscation, at the specific time designated by the school. The student will receive one day of in-school suspension (ISS). The incident will be recorded in the student's discipline record within the student database (e.g., Infinite Campus).

Fourth Offense: The fourth offense and thereafter will result in the electronic device being confiscated for ten (10) school days, and the parent must schedule a conference with an administrator to retrieve the electronic device. The student will receive three days of in-school suspension (ISS). The incident will be recorded in the student's discipline record within the student database (e.g., Infinite Campus).

Further incidents may result in the student losing the privilege of bringing electronic devices on campus, in-school suspension, out of school suspension, and any other forms of discipline deemed appropriate under the circumstances.

Noncompliance: All administrators, teachers and/or staff members are authorized to confiscate cell phones, electronic communication devices and/or accessories any time a student is in violation of the Cell Phone/Electronic Communications Device policy. A student's refusal to surrender his/her electronic device(s) to school personnel will be considered noncompliance and insubordination, resulting in two (2) days of out of school suspension, and any other forms of discipline deemed appropriate under the circumstances.

Note: These progressive discipline steps in no way diminish the discretion of the school administrator, who has the right to issue more severe discipline depending upon the facts and circumstances.

The following provides a graphic organizer to show the times and locations that electronic communications devices can be used during the school day.

Area of Device Use	Appropriate Use?
Before/After School	YES
In Classroom	NO
Class Change / Hallway During Instructional Day	NO
Restrooms / Locker Room During Instructional Day	NO

By signing below, the Student and the Student's Parent/Guardian acknowledge that they have read and understand the policy regarding cell phones and personal electronic communications devices.

However, the School System may disclose appropriately designated "directory information" without written consent, unless a parent has advised the School System to the contrary. GEORGIA “SAFE SCHOOLS ACT” NOTIFICATION

During the 2023 Legislative Session, the Georgia Legislature passed the “Safe Schools Act” which requires the following relating to school safety plans and drills:

Every public school shall prepare a school safety plan to help curb the growing incidence of violence in schools, to respond effectively to such incidents, and to provide a safe learning environment for Georgia’s children, teachers, and other school personnel. Such plan shall also address preparedness for natural disasters, hazardous materials or radiological accidents, acts of violence, and acts of terrorism. School safety plans of public schools shall be prepared with input from students enrolled in that school, parents or legal guardians of such students, teachers in that school, community leaders, other school employees and school district employees, and local law enforcement, juvenile court, fire service, public safety, and emergency management agencies. As part of such plans, public schools shall provide for the coordination with local law enforcement agencies and the local juvenile court system.

School safety plans shall include, at a minimum, the following strategy areas: (1) Training school administrators, teachers, and support staff, including, but not limited to, school resource officers, security officers, secretaries, custodians, and bus drivers, on school violence prevention, school security, school threat assessment, mental health awareness, and school emergency planning best practices; (2) Evaluating and refining school security measures; (3) Updating and exercising school emergency preparedness plans; (4) Strengthening partnerships with public safety officials; and (5) Creating enhanced crisis communications plans and social media strategies.

Such plans shall be reviewed and, if necessary, updated annually. Such plans of public schools shall be submitted to the local emergency management agency, the local law enforcement agency, and the Georgia Emergency Management and Homeland Security Agency for approval. Every public school shall conduct drills with students, school administrators, teachers, and other school personnel on the execution of school safety plans in such form and at intervals based upon guidance from the Georgia Emergency Management and Homeland Security Agency.

By October 1 of each school year, every public school shall conduct an intruder alert drill for students, school administrators, teachers, and other school personnel based upon guidance from the Georgia Emergency Management and Homeland Security Agency. Each local school system or public school governing body shall promptly report to the Georgia Emergency Management and Homeland Security Agency the completion of such drills.

All students shall participate in intruder alert drills provided for in this paragraph. As used in this paragraph, the term ‘intruder alert drill’ means a set of procedures designed to familiarize the occupants of a building with ways to protect themselves against potential threats posed by an intruder who possesses or is suspected of possessing a weapon, as defined in Code Section 20-2-742. O.C.G.A. §§ 20-2-1185(a)(1)-(5); (e)(1)-(2), in pertinent part, emphasis added.

WATER SAFETY EDUCATION INFORMATION

[EDNA MAE MCGOVERN ACT]

During the 2023 Legislative Session, the Georgia Legislature passed the “Edna Mae McGovern Act” [O.C.G.A. §20-2-779.3] which requires the following relating to water safety education information:

“At the beginning of each school year, each public school or local school system shall provide the parents and guardians of each child enrolled in such school or school system with information on the important role water safety education courses and swimming lessons play in saving lives. Such information shall be provided in electronic or hard copy format. Such information shall include options, if available within the vicinity of the public school or local school system, for age appropriate water safety education courses and swimming lessons that can result in a certificate indicating successful completion, including courses and lessons offered for free or at a reduced price; provided however that such information shall be provided directly to students who are 18 years of age or older.”

“Water safety education” is defined as “education intended to promote safety in, on, and around bodies of water and reduce the risk of injury or drowning.”

According to this law, school systems are not required to (1) provide water safety education courses or swimming lessons to students; or (2) excuse students from all or part of any school day to attend water safety education courses or swimming lessons.

In order to comply with the law, the following are several resources for information regarding water safety education. This list is not exhaustive but merely includes options that may be available within the vicinity. The Richmond County School System does not endorse any particular water safety course or organization but offers the following as resources through which parents and guardians may conduct their own research and learn more about water safety education.

Child Find Notification

Richmond County School System Child Find Procedures

One in ten of Georgia's children have a sensory, emotional, physical, intellectual, or language disability that may inhibit learning. Many of these disabilities are so subtle that they go unnoticed. As a result, children may have trouble in school, at home, and with other children. The earlier these disabilities are discovered and identified, the more effectively they can be managed, giving the child every chance to be successful in life.

The Richmond County School System has a mission, mandated by the Individuals with Disabilities Education Act (IDEA), to locate, identify, and evaluate each child from 3 through 21 years of age with a suspected disability, and to provide appropriate educational services to these children. This mandate applies to all children who reside in Richmond County, Georgia, whether children are currently attending public school, private school, home school or are incarcerated, homeless, migrant, etc. We need your assistance to find these children so they can receive the help they need to enjoy a more successful life experience.

Many children are born with or acquire physical and/or mental conditions which handicap their normal growth and development. Fortunately, many of these conditions can be helped or completely corrected if parents and others recognize the problem early and seek help. You can prevent an unnecessary life-long handicap by recognizing and dealing with a child's problem as early as possible. Anyone can help us identify children with special needs, including parents, foster parents, grandparents, teachers, doctors, nurses, counselors, social workers, day care providers, and community members. If you know of a child in Richmond County from birth through age 21 who has special needs, please let us know so we can get them the help they need to enjoy a brighter future. Contact Richmond County School System's Department of Student Services for students ages 6-21 (706-826-1131) or the Richmond County School System's Department of Special Education and Support Services for children ages 3-5 (706-826-1132).

Babies Can't Wait (BCW) is Georgia's statewide interagency service delivery system for infants and toddlers with developmental delays or disabilities and their families. BCW is established by Part C of the Individuals with Disabilities Education Act (IDEA) which guarantees all eligible children, regardless of their disability, access to services that will enhance their development. This program serves children from birth to age 3. For more information, visit the following site: <http://health.state.ga.us/programs/bcw/>.

Overview of Section 504 of the Rehabilitation Act of 1973

Congress prohibited discrimination against persons with disabilities in the Rehabilitation Act of 1973, in a segment most often referred to simply as “Section 504.” This is a broadly worded prohibition that covers both children and adults. Section 504 of the Rehabilitation Act is a federal civil rights law and prohibits discrimination by programs that receive any federal financial assistance, such as school systems. The principles enumerated in Section 504 were later expanded and served as the basis for the 1990 Americans with Disabilities Act (ADA).

Included in the U.S. Department of Education regulations for Section 504 is the requirement that students with disabilities be provided with a free appropriate public education (FAPE). These regulations require identification, evaluation, provision of appropriate services and procedural safeguards in every public school system in the United States.

For more information regarding student and parent rights under Section 504, please refer to the following documents:

Notice of Rights of Students and Parents Under Section 504

Section 504 of the Rehabilitation Act of 1973, commonly referred to as "Section 504," is a nondiscrimination statute enacted by the United States Congress. The purpose of Section 504 is to prohibit discrimination and to assure that students with disabilities have educational opportunities and benefits equal to those provided to students without disabilities.

Child Find Notice

Pursuant to Section 504 of the Rehabilitation Act of 1973, the School System has a duty to identify, refer, evaluate and, if eligible, provide a free, appropriate public education to disabled students. For additional information about the rights of parents of eligible children, or for answers to any questions you might have about identification, evaluation and placement into Section 504 programs, or if you have questions or need additional assistance, please contact the Richmond County School System’s Section 504 Coordinator at the following address:

2. Your child has the right to free educational services except for those fees that are imposed on students without disabilities or their parents. Insurers and similar third parties who provide services not

operated by or provided by the School System are not relieved from an otherwise valid obligation to provide or pay for services provided to a student with disabilities. 34 CFR 104.33.

3. Your child has the right to participate in an educational setting (academic and nonacademic) with students without disabilities to the maximum extent appropriate to his or her needs. 34 CFR 104.34.

8. You have the right to ensure that the School System will consider information about the student from a variety of sources as appropriate, which may include aptitude and achievement tests, grades, teacher recommendations and observations, physical conditions, social or cultural background, adaptive behavior, medical records, and parental recommendations. 34 CFR 104.35.
9. You have the right to ensure that decisions regarding eligibility and placement are made by a group of persons, including persons knowledgeable about your child, the meaning of the evaluation data and the placement options. 34 CFR 104.35.
10. If your child is eligible under Section 504, your child has a right to periodic reevaluations, including prior to any subsequent significant change in placement. 34 CFR 104.35.

15. If you disagree with the decision of the impartial hearing officer (Local Board of Education members and other School System employees are not considered impartial hearing officers), you have a right to a review of that decision according to the School System's impartial hearing procedure. 34 CFR 104.36. [SEE SECTION 504 PROCEDURAL SAFEGUARDS.]
16. You have the right, at any time, to file a complaint with the United States Department of Education's Office for Civil Rights.

Section 504 Procedural Safeguards

1. **Overview:** Any student, parent or guardian may request an impartial hearing due to a School System's alleged actions or inactions regarding their child's identification, evaluation, or educational placement under Section 504. Requests for an impartial hearing must be in writing to the School System's Section 504 Coordinator; however, a parent or guardian's failure to request a hearing in writing does not alleviate the School System's obligation to provide an impartial hearing if the parent/guardian orally requests an impartial hearing through the School System's Section 504 Coordinator. As needed, the School System's Section 504 Coordinator will assist the parent/guardian in completing the written Request for Hearing, but may not provide legal advice to the Parent/Guardian.

To request an impartial hearing or for more information regarding Section 504, please contact the School System's Section 504 Coordinator at the following address:

Mr. Marcus Allen
Assistant Superintendent of Student Services
Richmond County School System
864 Broad Street
Augusta, Georgia 30901
(706) 826-1000
AllenMa@boe.richmond.k12.ga.us

2. **Hearing Request:** The Request for the Hearing must include the following:

- a. The name of the student.
- b. The address of the residence of the student.
- c. The name of the school the student is attending.
- d. The decision that is the subject of the hearing.
- e. The requested reasons for review.
- f. The proposed remedy sought by the parent/guardian.
- g. The name and contact information of the parent/guardian.

Within 10 business days from receiving the parent/guardian's Request for Hearing, the Section 504 Coordinator will acknowledge the Request for Hearing in writing and schedule a time and place for a hearing. If the written Request for Hearing does not contain the necessary information noted above, the Section 504 Coordinator will inform the parent/guardian of the specific information needed to complete the request. All timelines and processes will be stayed until the Request for Hearing contains the necessary information noted above.

3. **Mediation:** The School System may offer mediation to resolve the issues detailed by the parent/guardian in his or her Request for Hearing. Mediation is voluntary, and both the parent/guardian and School System must agree to participate. Either party may terminate the mediation at any time. If the mediation is terminated without an agreement, the School System will follow the procedures for conducting an impartial hearing without an additional Request for Hearing.

4. **Hearing Procedures:**

- a. The Section 504 Coordinator will obtain an impartial review official who will conduct a hearing within 45 calendar days from the receipt of the Request for Hearing unless agreed to otherwise or unless a continuance is granted by the impartial review official.
- b. Upon a showing of good cause by either party, the impartial review official, at his or her discretion, may grant a continuance and set a new hearing date. The request for a continuance must be in writing and copied to the other party.

- c. The parent/guardian will have an opportunity to examine the child's educational records prior to the hearing.
 - d. The parent/guardian will have the opportunity to be represented by legal counsel at his or her own expense at the hearing and participate, speak, examine witnesses, and present information at the hearing. If the parent/guardian is to be represented by legal counsel at the hearing, he or she must inform the Section 504 Coordinator of that fact in writing at least 10 calendar days prior to the hearing. Failure to notify the Section 504 Coordinator in writing of representation by legal counsel shall constitute good cause for continuance of the hearing.
 - e. The parent/guardian will have the burden of proving any claims he or she may assert. When warranted by law, the impartial hearing officer may require either party to defend its position/decision regarding the claims. One or more representatives of the School System, who may be an attorney, will attend the hearing to present the evidence and witnesses, respond to the parent/guardian testimony and answer questions posed by the impartial review official.
 - f. The impartial review official shall not have the power to subpoena witnesses, and the strict rules of evidence shall not apply to hearings. The impartial review official shall have the authority to issue pre-hearing instructions, which may include requiring the parties to exchange documents and to provide the names of witnesses each party expects to appear at the hearing.
 - g. The impartial review official shall determine the weight to be given any evidence based on its credibility, reliability and probative value, according to applicable legal standards.
 - h. The hearing shall be closed to the public.
 - i. The issues of the hearing will be limited to those raised in the written request for the hearing.
 - j. Witnesses will be questioned directly by the party who calls them. Cross-examination of witnesses will be allowed. The impartial review official, at his or her discretion, may allow further examination of witnesses or ask questions of the witnesses.
 - k. Testimony shall be recorded by court reporting or audio recording at the expense of the School System. All documentation related to the hearing shall be retained by the School System.
 - l. Unless otherwise required by law, the impartial review official shall uphold the action of the School System unless the parent/guardian can prove that a preponderance of the evidence supports his or her claim. A "preponderance of evidence," while determined by the impartial review official, has been described as just enough evidence to make it more likely than not that the fact that the parent/guardian seeks to prove is true.
 - m. Failure of the parent/guardian to appear at a scheduled hearing (unless prior notification of absence was provided and approved by the impartial review official or unless just cause is shown) shall constitute a waiver of the parent/guardian's right to a personal appearance before the impartial review official.
5. **Decision:** The impartial review official shall issue a written determination within 20 calendar days of the date the hearing concluded. The determination of the impartial review official shall not include any monetary damages or the award of any attorneys' fees.
6. **Review:** If not satisfied with the decision of the impartial review official, any party may pursue any right of review, appeal, cause of action or claim available to them under the law or existing state or federal rules or regulations.

Discipline Procedures for Students with Disabilities:

The discipline of students with disabilities is subject to applicable State and Federal laws, in addition to the Richmond County Board of Education Student Code of Conduct and Discipline (“Code of Conduct”). To the extent any conflict exists, State and/or Federal law will prevail. In accordance with Georgia law, the Code of Conduct shall apply to all students unless a student’s Individualized Education Plan (IEP) specifically states otherwise. The System will ensure that the parents and the students with a disability receive notice of the rules and regulations applicable to students with disabilities with respect to discipline and suspension/expulsion upon the child’s entry into a special education program, at the Annual IEP review, upon request by the parent or student and when a due process hearing has been initiated, in accordance with the discipline requirements of State and Federal law.

- If a student with a disability (as defined by Federal and State laws and regulations) is recommended for removal from school for more than ten (10) school days, either consecutively or cumulatively, in any one school year, or if expulsion is being recommended, a meeting of the student’s IEP team must be conducted.
- The student’s IEP team will consider whether the offense was a manifestation of the student’s disability.
- If the IEP team determines the offense was a manifestation of the student’s disability, the student must be returned to the placement from which the student was removed, except in cases involving weapons, serious bodily injury as defined by State law, or illegal drugs or controlled substances, unless the parent **and** the System agree to a change in placement.
- If the IEP team determines that the offense is not a manifestation of the student’s disability, the student will be subject to the provisions of the System’s Code of Conduct and will be disciplined accordingly. For disciplinary removals exceeding 10 school days, System personnel may apply the relevant disciplinary procedures in the same manner and for the same duration. However, the following must be provided:
 - The student must continue to receive educational services that will enable continued progress and participation in the general education setting and to progress toward meeting IEP goals, although in another setting; and
 - The student should receive, as appropriate, a Functional Behavioral Assessment and Behavioral Intervention Plan, as well as services and modifications that are designed to address the violation so that it does not recur.
- In instances where the student with a disability presents a danger to self or others, or is so disruptive to the educational environment as to interfere with the rights of other students, emergency placement and/or removal may be sought by the System, including home-based instruction.
- Students with disabilities and their parents and/or guardian should also refer to the *Special Education Rules Implementation Manual* available through the Georgia Department of Education and/or the local System Special Education Implementation Manual/Guide. <http://www.doe.k12.ga.us/Curriculum-Instruction-and-Assessment/Special-Education-Services/Pages/Implementation-Manual.aspx>.
- **A student with a disability may not be placed in an alternative education program solely for educational purposes if the student does not meet the criteria for placement under the Code of Conduct.**
- **NOTE:** A student who is enrolled in any special education program may not be removed for disciplinary reasons past ten (10) days without a manifestation determination review meeting in order to review the conduct in question prior to being taken to a tribunal hearing.
- Following a manifestation determination, students with a disability who commit serious offenses which could otherwise result in removal, suspension or expulsion may be brought before the Tribunal for a determination as to whether the student is guilty of the offense charged.

Manifestation Determination:

Students with a disability who are accused of any misconduct warranting disciplinary consequences which may constitute a change in placement (e.g., long-term suspension greater than 10 days, consecutive or cumulative, or expulsion) shall be afforded a manifestation determination meeting. The purpose of the manifestation determination meeting is to determine whether or not the student’s misconduct was directly and substantially related to his/her disability. The meeting is not designed to determine guilt or innocence.

The educational placement of a student with a disability may be changed for disciplinary reasons if a placement committee determines the misbehavior is not a manifestation of the student's disability, in which case regular disciplinary consequences (including long-term removal to a disciplinary setting or expulsion) may be applied through the student tribunal hearing process.

- If a Behavior Intervention Plan (BIP) is not in place:
 - The IEP team must conduct a Functional Behavioral Assessment (FBA), unless the System had conducted one prior to the behavior; and
 - A Behavioral Intervention Plan (BIP) should be developed and implemented.
- If a BIP is already in place:
 - The IEP team must review the existing BIP; and
 - The IEP team must make changes needed in the BIP/IEP to address the behavior.

Section 504 Plans:

Students with disabilities served under Section 504 of the Rehabilitation Act will be disciplined in accordance with Federal and State law. The Code of Conduct applies to all students, including Section 504 students. Students identified under Section 504 may be subject to a series of removals for disciplinary reasons, for different acts of misconduct. However, the disciplinary removals may not constitute a change of placement, and the disciplinary consequences are those applicable to students without disabilities. Once the student exceeds 10 days out of school suspension (OSS) for the year, the Section 504 committee should meet to conduct a manifestation determination.

A Section 504 student shall not be subject to disciplinary removal for more than ten (10) days, consecutive or cumulative, or expelled unless the System first determines that the misbehavior is not a manifestation of the student's disability.

When Parents Challenge the Disciplinary Decision and/or Manifestation Determination Review:

The parent of a child with a disability who disagrees with any decision regarding placement or the manifestation determination, or if the System believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. *34 C.F.R. 300.532(a)*.

- *The Director must be notified immediately when a parent of a child with a disability disagrees with the placement or manifestation determination proposed by the System so that due process procedures may be followed.*
- Parents may file a request for an expedited due process hearing to challenge the disciplinary action and/or results of the Manifestation Determination Review (MDR) by filing a due process hearing, parents may challenge one or all of the following:
 - The MDR team's determination that the behavior was not a manifestation of the student's disability;
 - The proposed Interim Alternate Educational Services (IAES) (including the type of services to be provided to the student, the amount of services to be provided, the setting in which the services are to be provided); or
 - Any procedural failings of the disciplinary process (*e.g.*, parents may claim that a "change of placement" occurred and that the System failed to conduct an MDR).
- Parents must file a request for a due process hearing (or due process complaint) with Georgia Department of Education (GaDOE) and provide at the same time a copy of the request/complaint to the System. GaDOE is responsible for arranging for the appointment of a special education due process hearing officer, who must handle the case in an expedited manner.
- IDEA 2004 eliminated the "stay-put" rule in the context of disciplinary matters. When parents challenge the results of the MDR and/or placement decision, the student must remain in the IAES pending the decision of the special education due process hearing officer or until the expiration of the disciplinary removal, whichever occurs first. The only exception to this provision is when the parents and System agree that the student's placement during the hearing process may be something other than IAES. If the System and parents enter into such an agreement, the terms of the agreement should be reduced to writing and included in the student's IEP (such an agreement results in a placement decision and is thus required to be part of a student's IEP).

CRIMINAL ACTIVITY: Nothing prohibits the System from reporting a criminal act committed by a student with or without a disability to the appropriate authorities or prevents State law enforcement authorities from exercising their responsibilities concerning Federal and State law for crimes committed by a student with a disability.

Richmond County School System

Title IX Notice and Complaint Procedures

Non-Discrimination/ Sexual Harassment

The Richmond County School System (RCSS) is committed to maintaining an educational environment that is free from discrimination and harassment, where all members of the school community are treated with dignity and respect. Accordingly, RCSS does not discriminate on the basis of race, color, national origin, sex, disability, or age in its educational programs and activities and provides equitable access to all educational programs, activities, sports and facilities.

Title IX of the Education Amendments of 1972 prohibits discrimination on the basis of sex in education programs or activities operated by recipients of Federal financial assistance. RCSS prohibits discrimination based on sex, including sex-based harassment.

Sex-based harassment is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex that satisfies one or more of the following:

- (1) *Quid Pro Quo Harassment*: When an employee of the School System conditions the provision of an aid, benefit, or service of the recipient on an individual's participation in unwelcome sexual conduct.
- (2) *Hostile Environment Harassment*: Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive, that it limits or denies a person's ability to participate in or benefit from the School System's education programs or activities; or
- (3) *Specific Offenses*: "Sexual assault" as defined in 20 U.S.C. § 1092(f)(6)(A)(v), "dating violence" as defined in 34 U.S.C. § 12291(a)(10), "domestic violence" as defined in 34 U.S.C. § 12291(a)(8), or "stalking" as defined in 34 U.S.C. § 12291(a)(30).

Any student or employee who believes themselves to be discriminated against on the basis of sex should make a report to an administrator, the School Title IX Contact, or the System Title IX Coordinator. **To access the [Complaint Form, please visit the following link: RCSS Title IX Information.](#)**

Alleged violations will be investigated, and, when it is determined that a violation has occurred, prompt appropriate disciplinary action will be taken against persons found to be in violation. These actions include sanctions authorized by law, Board policy, and the Code of Student Conduct and Discipline.

RCSS also prohibits retaliatory behavior or action against persons who complain, testify, assist, or otherwise participate in the complaint process as established by Board policy and the administrative regulations.

RCSS has designated a System Title IX Coordinator who is responsible for coordinating efforts to comply with and carry out the School System's responsibilities under Title IX. Individuals with a question on Title IX or who would like to file a formal Title IX Complaint should contact:

System Title IX Coordinator
Dr. Titania Singh
864 Broad Street
Augusta, GA 30901
(706) 826-1000
singhti@boe.richmond.k12.ga.us

Each RCSS school site has a designated Title IX Contact for handling complaints of sex-based discrimination, including sex-based harassment. Deputy Title IX Coordinators have been designated to handle employee complaints and discrimination complaints related to athletics. A complete listing of Title IX Coordinators is available on the RCSS website, [RCSS Title IX Information](#).

For additional information, please refer to the discriminatory complaint procedures relative to the following Richmond County School System Policies: **Policy GAAA (Equal Opportunity Employment)**, **Policy GAEB (Harassment)**, **Policy IDFA (Gender Equity in Sports)** or **JCDAG Bullying**, which are located in the School System policy manual that is available on the System website, www.rcboe.org.

Note: Nothing herein is designed to create rights where not otherwise provided by law. This policy or procedure is not intended to limit the discretionary authority of, or to create any liability for, or create a cause of action against, the Board of Education, or its officers, employees, volunteers or other designated individuals for any act or omission to act related to this policy or procedure. Georgia's Constitution provides that School System employees are immune from liability when they are performing discretionary functions and they act without malice or intent to cause injury.

School Clubs and Organizations

The following list represents clubs and organizations that may be offered in Richmond County schools by school levels. More information regarding these extracurricular opportunities, including the purpose or mission, school sponsor and planned or past activities, may be obtained from each school. Inclusion of a club on this list does not imply that it is available in all schools. By signing the Receipt Form included in the code of conduct, the parent or legal guardian gives permission for his or her child to participate in any or all of these organizations. Any parent or legal guardian, who wishes to decline permission, shall sign and return the appropriate form to the school principal. Dear Parents,

The Georgia Department of Education's Comprehensive Health and Physical Education Program is designed to provide accurate health information in a structured manner to all students. Mandated by Georgia law, health and physical education programs must include topics such as family living, peer pressure, abstinence, nutrition, the dangers of alcohol and illegal drug use, personal safety, mental health, and prevention of sexually transmitted diseases, including AIDS.

Comprehensive health education is not new to the Richmond County instructional program and has been offered for a number of years. Topics such as decision-making, positive self-concept, substance abuse prevention, stranger danger, peer pressure, communication and sex education emphasizing abstinence have long been components of the curriculum. A recent state mandate also requires that all students in grades kindergarten through 9 have annual age-appropriate education on sexual abuse and assault awareness and prevention. This education will be provided through health education and/or the school counseling curriculum.

The state law regarding sex education requires local Boards of Education to appoint a committee of citizens (Sex Education Review Committee) to review the existing sex education program and to make recommendations to the Board of Education. Our committee is comprised of parents, students, educators, and community leaders, who expressed an interest in sex education and were invited to participate. The law allows parents to preview all sex education curriculum materials, both print and non-print, before the materials are used for instructing students.

If you do not want your child to participate in the sex education and AIDS prevention components of the health education program, you have the option of teaching your child at home. If you choose to do so, you may either opt out using the attached sample opt-out form, which will be sent to all parents at a later date, or you may write a letter to your child's principal expressing a desire to teach this curriculum at home. If you do choose to opt out, please call the school for a conference to review what you will be responsible for teaching; your child will be evaluated on this information. If the school office does not receive the opt-out form or a letter from you as described above, your child will participate with all students in this program.

Information regarding the unit to be studied in the grade level in which your child is enrolled is available at your child's school. Please contact your child's school for further information or if you have questions.

Sincerely,

Dr. Kenneth Bradshaw,
Superintendent of Schools

SEX EDUCATION INSTRUCTION – STUDENT EXEMPTION

Dear Parents:

The GA DOE regulations require that each local board of education develop and implement a comprehensive health and physical education program that includes sex education and AIDS prevention education. Regulations allow parents/guardians to exercise the option of excluding their child from sex education and AIDS prevention instructional programs.

The state law regarding sex education requires local Boards of Education to appoint a committee of citizens (Sex Education Review Committee) to review the existing sex education program and to make recommendations to the Board of Education. Our committee is comprised of parents, students, educators, and community leaders, who expressed an interest in sex education and were invited to participate. The law allows parents to preview all sex education curriculum materials, both print and non-print, before the materials are used for instructing students. The committee approved of the implementation of the ***Choosing the Best (CTB)*** curricula with middle and high school students.

The ***Choosing the Best*** curricula is an abstinence-centered, sexual risk avoidance and relationship education program. It is research-based, medically accurate, and universally applicable and inclusive. It supports the **CDC** stance that the **most reliable way to avoid the risk** of STD is to be abstinent until you enter into a long-term, mutually monogamous relationship with an uninfected partner. This type of relationship is most commonly referred to as marriage and may be referenced as such.

The program focuses on the reasons and methods to avoid at-risk behaviors. It includes lessons on making decisions, understanding healthy relationships, identifying risks, understanding consequences, knowing facts and statistics regarding STD's, and dealing with peer pressure.

The Richmond County School District has chosen to participate in a Federal Title V grant opportunity that maximizes the resources available with the ***Choosing the Best*** curricula. Participation in this grant requires students to complete a Pre- and a Post- Survey that does include questions regarding previous decisions as well as future intent in regards to at-risk sexual behaviors. These results do not include student names but are used to determine if the implementation of the program is linked to improved student (collective) choices (and hopefully outcomes). Data for the results of the surveys are aggregated and are not specific to any individual participant.

Parents may preview all materials, including the survey. See a list of standards on the following page. For more information on *Choosing The Best* go to www.choosingthebest.com or contact the Health and PE Program Specialist at 706-826-1102 ext. 5189.

No action is required at this time if you permit your child to participate. Please look for your child to bring home his/her student workbook at the completion of the unit.

ONLY complete this form if your child will **NOT** be allowed to participate. Return to your child's Health/PE teacher.

Superintendent Dr. Kenneth Bradshaw

What is Family Engagement?

Family Engagement means the participation of parents and family members in regular, two-way, and meaningful communication involving student academic learning and other school activities, including ensuring:

- (A) That parents play an integral role in assisting their child's learning.
- (B) That parents are encouraged to be actively involved in their child's education.
- (C) That parents are full partners in their child's education and are included, as appropriate, in decision-making and on advisory committees to assist in the education of their child.
- (D) The carrying out of other activities, such as those described in Section 1116 of the ESSA.

About the Parent and Family Engagement Plan

In support of strengthening student academic achievement, the Richmond County School System (RCSS) has developed this parent and family engagement plan that establishes the district's expectations and objectives for meaningful family engagement and guides the strategies and resources that strengthen school and parent partnerships in the district's Title I schools. This plan will describe RCSS's commitment to engage families in the education of their children and to build the capacity in its Title I schools to implement family engagement strategies and activities designed to achieve the district and student academic achievement goals.

When schools, families, and communities work together to support learning, children tend to do better in school, stay in school longer and enjoy school more. Title I, Part A provides for substantive family engagement at every level of the program, such as in the development and implementation of the district and school plan, and in carrying out the district and school improvement provisions. Section 1116 of the Every Student Succeeds Act (ESSA) contains the primary Title I, Part A requirements for schools and school systems to involve parents and family members in their children's education. Consistent with Section 1116, the RCSS committed to coordinating and integrating parent and family engagement strategies under Title 1 Part A with other federal, state, and local laws and programs by:

- Committing to utilize each school's budget to provide self-help resources, parenting magazines, resources for the home (such as "Study Buddy," and summer bridge reading and math materials), and improvement guides to assist with each student's academic growth.
- Communicating effectively with parents utilizing parent workshops on various topics suggested by parents.
- Considering and addressing parents' needs by committing to obtain documented suggestions, ideas, and comments at each scheduled parent event.
- Building relationships with internal and external departments and organizations within the community. Internally we will commit to scheduling monthly brainstorming sessions with our Partnership Office to assist with engagement strategies. Externally, we will align with local community partners as they plan community events and be in attendance with resources to distribute.

Jointly Developed

Throughout second semester of the 2024-2025 school year, parents were given the opportunity to provide input to improve the RCSS Parent and Family Engagement Plan, the consolidated LEA Improvement Plan, and the school improvement/Title I School wide/ Title I Targeted Assistance Plan and the Continuous Support and Improvement and the Target Support and Improvement plans for the 2024-2025 school year.

Parents were invited to give feedback during school parent meetings across the district, District Parent and Community Stakeholder Input Meetings and by completing surveys via the website and various communication platforms. The information was gathered and included in the 2024-2025 RCSS Parent and Family Engagement Plan.

Upon final revision, the district parent and family engagement plan will be incorporated into the Comprehensive LEA Improvement Plan (CLIP) which was submitted to the state. Parents are welcome to submit comments and feedback regarding the plan at any time on the school district website. All feedback received by June 21, 2024, will be included within the plan for the FY 25 school year.

The district parent and family engagement plan is posted on district and school websites, distributed during the annual Title I district and school meetings, and made available to parents in school parent centers or guidance offices in a format and language they can understand.

Strengthening Our Schools

RCSS will provide support and technical assistance to all its Title I schools in planning and implementing effective parent and family engagement practices inclusive of School-Parent and Family Engagement Policies/Plans, School-Parent Compacts, and all Title I parent and family engagement requirements through:

- Program specialists
- District Parent Center that supports parent and family engagement
- Local Parent Centers as funded by schools and school level parent facilitators

In addition to frequent communication and school visits, Title I schools will receive notifications, resources, and training from the district to help them improve and strengthen parent and family engagement.

Additionally, the Federal Programs department will provide training to principals so principals will understand parent and family engagement requirements and plan.

Parent and Family Engagement Evaluation

The RCSS conducts an annual evaluation of the content and effectiveness of this plan in improving the academic quality of our schools. Parents and family members were invited to complete a survey during various meetings held February thru June 2024. Surveys were sent to stakeholders, available on the district and schools' web-sites, as well as paper/pencil at various parent meetings in needed. During the Comprehensive Needs Assessment meeting, held in June 2024 parents and family members were asked to brainstorm strategies that can be used to make parent and family engagement more effective. Information gained from the surveys and meetings will be used to enhance family engagement and to revise the parent and family engagement plan for the upcoming school year.

Reservation of Funds

The **Richmond County School District** will involve the parents and family members of children served in Title I, Part A schools in decisions about how the 1 percent of Title I, Part A funds reserved for parent and family engagement is spent and will ensure that not less than 90 percent of the 1 percent reserved goes directly to Title I schools.

RCSS will share with parents and family members the budget for parent and family engagement activities and programs and how parents and family members will be involved in providing input into how the funds are used. The funds are used for supplies and resources for the District Parent Center and District Parent workshops.

Each Title I school will host an input meeting for parents to provide suggestions as to how these family engagement funds will be used in the up- coming year at the district and school-level. In addition, parents can complete district surveys on the district website or at various parent and family engagement events such as cluster meetings. Surveys, input forms, and minutes from these meetings will be reviewed by the district to determine areas of need for the upcoming school year and to consider changes to the family engagement budget.

Opportunities for Meaningful Parent Consultation

All parents of students eligible to receive Title I services are invited and encouraged to share their input and suggestions throughout the year on the District Parent and Family Engagement Plan, the CLIP and Schoolwide Improvement/Title I Schoolwide Plan/Title I Targeted Assistance Plan in the following ways:

- During February thru June 2024, all stakeholders in Title I schools were invited to give input and feedback on the District Family engagement Plan and the Comprehensive Needs Assessment/District Improvement Plan. Community Stakeholder input meetings were held, and online feedback forms were available to gather input for the district's needs assessment. Parent, student, and staff surveys are given annually and used in the needs assessment and planning process.
- Feedback forms will be available at the school, online and in the community
- Schools will be encouraged to host multiple person-to-person input opportunities throughout the year as requested through parent input.
- To the extent feasible, schools and the district will use virtual options to host meetings and collect parent input
- School parent input meetings were held, and parents are encouraged to contact their parent facilitator, family service facilitator, or other parent engagement representative
- The annual district survey is available on the district's Federal Programs webpage
- District-wide parent input meetings will be held at multiple times and in multiple locations in the spring
- The Federal Programs Department can be contacted at 706-826-1000

Parents are notified via school and district website, ShoutPoint, notifications at the school, announcements at parent events and in the community about these opportunities as they are scheduled. Feedback forms are provided online as well as in the schools and in the community giving parents the opportunity to share their input and suggestions on the use of Title I funds, their school's Title I parent and family engagement program, their school's school-family compact, their school's parent and family engagement plan and the district parent and family engagement plan.

Building Parent and School/Staff Capacity

The RCSS will build parent and school/staff capacity to strengthen parent and family engagement throughout the district.

Parent Capacity

- Schools will educate parents in understanding the State academic standards, school curriculum, student progress monitoring, and standardized assessments such as Georgia Milestones and End-of-Course tests.
- School staffs will teach parents through parent workshops throughout the FY25 school year at various sites. Topics may include improved discipline and communication, attendance, how brain development affects children's behavior and decision-making, parenting a special needs child, seven smart strategies parents can use for immediate school success, and preventing use of tobacco, alcohol, and drugs.

- School staffs will offer parent workshops on topics suggested by parents such as at-home reading strategies, homework tips, and utilizing community resources. Programs will be held for parents who have children transitioning from pre-k to kindergarten, middle school to high school, and high school to post- secondary education in order to help parents prepare those students for their next steps in education.

Staff Capacity

- School staffs will be trained to educate parents in understanding the State academic standards, school curriculum, student progress monitoring, and standardized assessments such as Georgia Milestones and End-of-Course tests. Other topics may include improved discipline and communication, attendance, how brain development affects children's behavior and decision-making, parenting a special needs child, seven smart strategies parents can use for immediate school success, and preventing use of tobacco, alcohol, and drugs.
- Federal programs staff will work with staffs to ensure parents receive information in multiple ways such as website, distribution of flyers, Shoutpoint, texts, phone calls, and marquee posts, and that information is in a language and format parents can understand.
- Principals and their leadership teams will receive training to learn strategies to increase parent and family engagement, (to include training on the importance of the six "Shalls,"), to plan activities for parents and families throughout the 2024-2025 school year, and to discuss ways to improve communication between the school and families/community.

Coordination of Services

RCSS will coordinate with other organizations, businesses, and community partners to provide additional supports and resources to families such as public programs or organizations to help students transition to middle, high, and postsecondary schools or careers.

1. Providing support from the Office of Federal Programs
2. Providing parents' access to the district parent centers and local school centers.
3. Extending flexible operating hours to accommodate the needs of the community, parents and stakeholders.
4. Ensuring residential facilities (Homeless, Foster care, and N&D) in the school's attendance areas are included in parent and family engagement correspondence and activities
5. Ensuring allocations and equitable services for participating private schools with eligible Title I students

Accessibility

In carrying out the parent and family engagement requirements established by Section 1116 of the ESSA, the Title I director will communicate and collaborate with student services, Title III, special education, and curriculum offices to ensure full opportunities for participation of parents with limited English proficiency, parents with disabilities, and parents of migratory children including providing of information and school reports in a language parents can understand.

Adoption

This districtwide parent and family engagement plan has been developed jointly and agreed upon with parents and family members of children participating in Title I, Part A programs as evidenced by the collaboration of parents, school, and district personnel through parent meetings and survey.

This plan was adopted by the Richmond County School System on June 21, 2024 and will be in effect for the 2024-2024 academic school year. The school district will distribute this plan in multiple ways to all parents of participating Title I, Part A children on or before October 31, 2024.
