### Course Description and Objectives

Sixth grade is the first year of a two-year World Area Studies course. Sixth grade students study Latin America, Canada, Europe, and Australia. The goal of this two-year course is to acquaint middle school students with the world in which they live. The geography domain includes both physical and human geography. The intent of the geography domain is for students to begin to grasp the importance geography plays in their everyday lives. The government/civics domain focuses on selected types of government found in the various areas so that students begin to understand the variety of governments in the world. The economics domain builds on the K-5 economics standards; however, the focus shifts from the United States to how other countries answer the basic questions of economics. The history domain focuses on major events in each region during the twentieth and twenty-first centuries.

### Late Work

## Social Studies

Late work is defined as assignments that are submitted after the specified deadline. This does not apply to work submitted late due to absence from school. Students are expected to submit assignments on time. Multiple incidents of late work may result in teacher-student-parent conferences to examine and correct the student's work habits through a behavior or academic contract. Students in grades 6-12 may have their scores reduced by 5% per school day for a 25% maximum reduction (five school days). Late work submitted after the fifth school day will only be accepted at the teacher's discretion. Completing work in a timely manner during the learning unit is essential for academic success. If the score is reduced for late work, the teacher must make a notation in the Infinite Campus comment section of the gradebook to reflect the reduction for late work. Students and parents should refer to the teacher's course syllabus for specific late work procedures.

### **Make-up Work**

Students are expected to make-up assignments and assessments that were missed due to absence from school. Students are responsible for asking teachers for the make-up work upon returning to class. Make-up work should be completed by the student within the time specified by the teacher. Teachers should provide reasonable timelines for completing make-up work. Generally, such work should be completed within 5 days of returning to school. A student should not be required to take a quiz or test on their first day back at school if the assessment was first announced during their absence. Graded assignments should be scored to accurately reflect the level of mastery of standards.

### **Homework**

Homework will be given periodically throughout each Unit based on the completion of class assignments.

### **Relearn & Reassess (R&R Procedures)**

For grades 4-12, after any major assessment, students should have the opportunity to submit a relearning plan for parent and teacher approval. Upon satisfactory completion of the plan, as determined by the teacher, students should be given a minimum of one opportunity to be reassessed. Students scoring below 70 on a major assessment should be expected to complete a relearning plan unless exempted with parent approval.

### **AI Guidance**

The Student Code of Conduct, Rule 1(A)(t), states that no student shall cheat, alter records, plagiarize, receive unauthorized assistance, or assist another in any type of academic dishonesty. The unauthorized or improper use of an artificial intelligence (AI) program constitutes academic dishonesty.

Teachers have discretion to determine if R&R opportunities will be given for any **minor assessment**.
