

August 4, 2015

Dear Parents,

Welcome to the 2015-2016 school year! I am so excited to have your child in my class, and I am looking forward to working with you throughout the year. Please don't hesitate to contact me when you have a question. You may send a note, an e-mail, or call the front office and leave a message.

Kindergarten is a very important year for your child; I look forward to helping your child succeed in all content areas! We will be working on letter naming identification and fluency, letter sounds, first sound fluency, reading fluency, sight word practice, number identification, missing number fluency, and next number fluency, to name a few. To assist in this effort, read with your child daily and reinforce every skill that is presented. Your efforts will produce results and will certainly not be in vain.

Additionally, Meadowbrook would like to have all of our parents' participation in the PTA; please consider joining. The membership fee is \$5. Thanks for all you do; your support is very much appreciated!

Sincerely,

Mrs. Gore
