TIPS FOR TESTING DAYS

Tips for Parents to Support Students During Testing Week

Night Before Testing

- **Rest & Reassure** - Let your student know that trying their best is all you want. Let them know when they do their best, no matter what you are going to be proud of them! Remind them of all of their awesome skills - working hard, perseverance, humor, focus, kindness, thoughtfulness, etc. Make sure they eat a healthy dinner and get in bed at a decent hour. They need a good nights rest!

Morning of Testing

- **Attendance Matters:** Please have students at school on time. Testing begins at 8:15 each day!
- **Keep Calm:** Make the morning especially calm. Please save the screaming and frustration for the other 352 days of the year. We know the mornings can test the patience of a saint. Still, double down on the patience so your child can start the school day feeling calm, happy and ready to do their best!
- **Pump up the Jam!:** You ever want a theme song playing as you go to work! Give your kid that chance! Play their favorite music on the morning, give them the inspiration to do their best!
