## school and community

Founded in 1783, the Academy of Richmond County is one of the oldest schools in the country. In 1791, President George Washington traveled to Augusta and delivered the commencement address. It is the flagship school in a large Title I public school district, serving a diverse population, and neighboring Fort Gordon. Integrated into the school is the International Baccalaureate Programme (IB), a county-wide magnet program. ARC is the only school in the Central Savannah River Area that hosts both the IB Diploma Programme (DP) and the IB Career-Related Programme (CP). Hall of Fame alumni include people such as Dr. Hervey Cleckley, Coach Pat Dye, Col. Angela Grubbs, Supreme Court Justice Joseph Lamar, General James Longstreet, Tenor Timothy Miller, Maj. General Reginald Neal, Gov. Carl Sanders, Dr. Bennie Ward, Coach Ken Whisenhunt, and CNN anchor Judy Woodruff.

Four programs of study are available: IB Diploma Programme (DP), IB Career-related Programme, honors college preparatory, and college preparatory. Numerous Advanced Placement courses are available on site or through Georgia Virtual School. In addition, ARC hosts several dual enrollment classes on campus through Georgia Military College (GMC), and many students take off-campus dual enrollment classes at Augusta University and Augusta Technical College.

## class rank & grade point average

An official class rank is compiled for each grade that is computed at the end of the year. Averages are carried out to three decimal places and final averages are not rounded. Student's grade point average (GPA) is based on quality points. Regular high school courses are on a 4.0 scale and Advanced Placement, International Baccalaureate, and College/University courses are on a 5.0 scale awarded for each grade earned. High school student transcripts include the GPA, class rank, and numerical average.

**Accredited in 2017-2018**

## our CCRPI stats

College and Career Ready Performance Index (CCRPI) is Georgia's statewide accountability system. The CCRPI assesses how well students are prepared for college and careers, and ensures that schools are focused on improving achievement among all students. The index measures student achievement on indicators such as content mastery, student growth on progress, subgroup performance on closing gaps, and various areas including Lexile performance, attendance, and other academic based measurements. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. Each individual component score is on a scale of 0-100. Additional data for CCRPI can be found at this address: <https://ccrpi.gadoe.org/>
