Our Principal:

Mrs. Alicia Jeffers

Our Mission:

The mission of Diamond Lakes Elementary School is to provide a safe, standards-based learning environment that ensures a growth mindset so all students reach their learning potential.

Our Story:

Diamond Lakes Elementary School opened in August 2006 and was named for the surrounding community. Located in Hephzibah, Georgia, our area gives the feel of a small town while still be very close to Augusta, Georgia. Augusta is the 3rd largest city in the state and is well known for the Augusta National Golf Tournament and Fort Eisenhower military base. Diamond Lakes is located exactly 6 miles away from Fort Eisenhower and 9 miles away from the historic downtown area of Augusta, Georgia. Diamond Lakes students will move on to Pine Hill Middle School and Cross Creek High School. As part of the Elite Eight school collaborative, we are able to partner with other schools to bring unique opportunities to our students and their parents. The 80 plus dedicated staff members serve nearly 550 students daily. Our "open door policy" supports a "GEM"-tastic partnership with our parents and community.

Our Students:

544 Enrolled

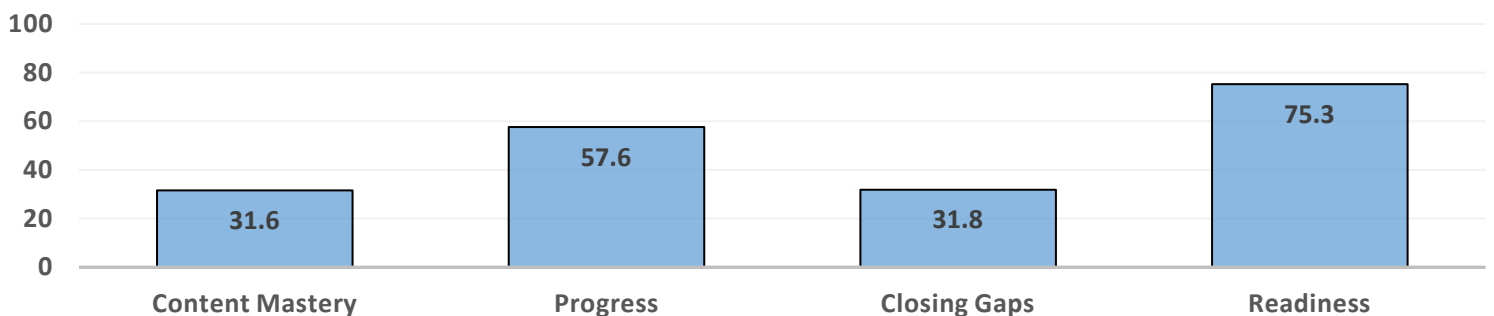

Special Programs/Fine Arts

- Music
- Gifted classes K-5
- Morning News Team
- Orchestra
- Growing Readers
- L4GA Grant School
- Dance Team

2022-2023 CCRPI Scores**

College and Career Ready Performance Index (CCRPI) is Georgia's statewide accountability system. The CCRPI assesses how well students are prepared for college and careers, and ensures that schools are focused on improving achievement among all students. The index measures student achievement on indicators such as content mastery, student growth on progress, subgroup performance on closing gaps, and various areas including Lexile performance, attendance, and other academic based measurements. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. Each individual component score is on a scale of 0-100. Additional data for CCRPI can be found at this address: <https://ccrpi.gadoe.org/>
