Our Principal:

Dr. Emily Driggers

Our Mission:

The mission of Lake Forest Hills Elementary is to develop life-long learners who are knowledgeable, compassionate, active and globally responsible in an ever-changing world through partnerships with home, school and community.

Our Story:

Founded on a philosophy that recognizes a child's natural curiosity, creativity, and ability to reflect, the Primary Years Programme at Lake Forest Hills Elementary generates a stimulating, challenging learning environment to nurture those assets and foster a lifelong love of learning in every child. The aim of all International Baccalaureate programmes is to develop internationally minded people who recognize their common humanity and shared guardianship of the planet, and help to create a better, more peaceful world. Lake Forest Hills focuses on the development of the whole child as an inquirer, both in the classroom and in the world outside. We encourage international mindedness, a positive attitude toward learning, and make connections to real life experiences using the transdisciplinary approach, meaning students learn across subject areas while investigating big ideas.

Our CCRPI stats:

College and Career Ready Performance Index (CCRPI) is Georgia's statewide accountability system. The CCRPI assesses how well students are prepared for college and careers and ensures that schools are focused on improving achievement among all students. The index measures progress on indicators such as content mastery, student attendance, and preparation for the next school level. Schools earn CCRPI points based on indicators that vary by grade and school level and align with measures of college- and career-readiness. Schools may earn up to a set number of points in five main categories, for a total of 100 possible points. In 2019-2020, statewide accountability was suspended due to COVID-19 closures.
