PARENT PERMISSION FOR STUDENT ATHLETIC PARTICIPATION

Dear Parent(s) or Guardians(s):

The school's athletic program is an integral part of the curriculum, and school personnel have devoted great effort to assure that participating students are protected in every way possible. However, participation in athletics includes a risk of injury which may range in severity from minor to long-term catastrophic, including paralysis and death.

Participants have the responsibility to help reduce the chance of injury. Participants must obey all safety rules and regulations, participate in all required physicals, report all physical problems to the coach or athletic trainer, follow a proper conditioning program and inspect personal protective equipment daily. Proper execution of skill techniques must be followed for every sport.

It is the policy of the Richmond County School System that all athletic participants, other than football, provide either proof of insurance, purchase the student accident insurance policy that is sanctioned by the Board, or sign a military waiver, provided by the school for military dependents. Participants in football must either provide proof of insurance, sign a military waiver, or purchase the football policy carried by the student accident insurance company. The school's athletic program is not authorized to extend public funds for injuries; thus, it will be the responsibility of the parent or guardian to pay any costs for any injury, which is not covered by insurance.

PLEASE INITIAL EACH OF THE FOLLOWING STATEMENTS TO SHOW THAT THE STATEMENT HAS BEEN READ, UNDERSTOOD AND APPROVED:

_____ I consent to have my son/daughter represent his/her school in approved athletic activities except those activities excluded by the examining doctor.

_____ I grant permission for my son/daughter to accompany any school team of which he/she is a member to out-of-town trips. The athlete will be transported to and from all events in school approved vehicles. Parent/Guardians wishing to have their son/daughter with them returning from an event must make written arrangement with the coach.

_____ In the event of an emergency requiring medical attention, I understand every attempt will be made to contact me. In case I cannot be reached, I grant permission for any immediate treatment deemed necessary by the attending physician and transfer of my son/daughter to a qualified medical facility. This authorization does not cover major surgery unless formally decreed prior to surgery by two licensed physicians or dentists.

_____ I agree not to hold the school or anyone acting on its behalf responsible for any injury occurring to my son/daughter in the proper course of such athletic activities or travel.

_____ I acknowledge and accept that there are risks of physical injury involved in athletic participation which may result in permanent paralysis, mental disability, and death.

Georgia High School Association

Student/Parent Concussion Awareness Form

SCHOOL: _____

DANGERS OF CONCUSSION

Concussions at all levels of sports have received a great deal of attention and a state law has been passed to address this issue. Adolescent athletes are particularly vulnerable to the effects of concussion. Once considered little more than a minor "ding" to the head, it is now understood that a concussion has the potential to result in death, or changes in brain function (either short-term or long-term). A concussion is a brain injury that results in a temporary disruption of normal brain function. A concussion occurs when the brain is violently rocked back and forth or twisted inside the skull as a result of a blow to the head or body. Continued participation in any sport following a concussion can lead to worsening concussion symptoms, as well as increased risk for further injury to the brain, and even death.

Player and parental education in this area is crucial – that is the reason for this document. Refer to it regularly. This form must be signed by a parent or guardian of each student who wishes to participate in GHSA athletics. One copy needs to be returned to the school, and one retained at home.

COMMON SIGNS AND SYMPTOMS OF CONCUSSION

- Headache, dizziness, poor balance, moves clumsily, reduced energy level/tiredness
- Nausea or vomiting
- Blurred vision, sensitivity to light and sounds
- Fogginess of memory, difficulty concentrating, slowed thought processes, confused about surroundings or game assignments
- Unexplained changes in behavior and personality
- Loss of consciousness (NOTE: This does not occur in all concussion episodes.)

BY-LAW 2.68: GHSA CONCUSSION POLICY: In accordance with Georgia law and national playing rules published by the National Federation of State High School Associations, any athlete who exhibits signs, symptoms, or behaviors consistent with a concussion shall be immediately removed from the practice or contest and shall not return to play until an appropriate health care professional has determined that no concussion has occurred. (NOTE: An appropriate health care professional may include licensed physician MD/DO) or another licensed individual under the supervision of a licensed physician, such as a nurse practitioner, physician assistant, or certified athletic trainer who has received training in concussion evaluation and management.

a) No athlete is allowed to return to a game or a practice on the same day that a concussion (a) has been diagnosed, OR (b) cannot be ruled out.

b) Any athlete diagnosed with a concussion shall be cleared medically by an appropriate health care professional prior to resuming participation in any future practice or contest. The formulation of a gradual return to play protocol shall be a part of the medical clearance.

By signing this concussion form, I give _____ High School permission to transfer this concussion form to the other sports that my child may play. I am aware of the dangers of concussion and this signed concussion form will represent myself and my child during the 2017-2018 school year. This form will be stored with the athletic physical form and other accompanying forms required by the _____ School System.
