

## **Native American Case Study**

- Choose any TWO Native American cultures – they MUST be from different regions – you may include Canada and Central America
- Briefly compare and contrast your two cultures using the list of characteristics under Key Concept 1.1 – *in your notes and copied on the last bullet point below.*
- Gather the information and **create a simple chart**
- Analyze your findings

## **Compare and Contrast – Answer**

- What similarities do you observe based on the characteristics assigned?
- What differences do you observe based on the characteristics assigned?
- From your research, what was the primary factor that accounted for the diversity of Native American cultures? Why?

## **Key Concept 1.1**

- As Native American populations migrated and settled across the vast expanse of North America over time, they developed distinct and increasingly complex societies by adapting to and transforming their environments.
- Economy, agriculture, social structure, religious practices, technology, government structure, population around the year 1500
