

ADVANTAGES OF A SCHOOL COUNCIL

Does Your School Have An Active School Council?

Did you know that by law, you are required to have a School Council? How can you make a positive change for your school climate with an active School Council? According to the Georgia School Council Institute, “a School Council brings communities and schools closer together in a spirit of cooperation to solve difficult education problems, improve academic achievement, provide support for teachers and administrators, and bring parents into the decision-making process.”

Quick Facts

At least 7 people must serve on the Council

A majority of the members must be parents

All meetings are open to the public

The Council must meet at least 2 times per year

How Do I Get Started?

If your School Council is not in place or has not been active, concentrate on your members. The required members consist of 1) the Principal, 2) two certified teachers elected by the teachers, 3) four parents and two of them must be businesspersons.

Really focus on getting the right people. You need people who will be dependable and who will look at issues with an open-mind.
