

POWER UP!

1:1 INFORMATION

OVERVIEW

Richmond County School System is “to provide an equitable education for all students to prepare them for life beyond the classroom.” Computer literacy is an important part of today's world - all students need the opportunity to learn to use programs commonly used in the workforce and colleges. The PowerUp initiative uses our education sales tax funds to provide a device for every student.

These devices will help assignments to be personalized, engaging, and can increase creativity. This initiative can also provide access to knowledge outside of the classroom. The PowerUp Handbook is designed to help our students understand how to care for the device, use it properly, find help if needed, and to become good digital citizens.

PowerUp is a school based initiative. Parent orientation and device distribution information will be shared from the school. Stay tuned and get ready to PowerUp!

COURSE FOR PARENTS

The PowerUp Course for Parents is designed to provide information about our technology initiative and teach you how to navigate in our online classroom platform that we call Canvas. The PowerUp course is designed just like an online course that your child would take, minus graded assignments. So, you can receive credit for completing the course, please complete the form at the end.

- 
- When logging into Launchpad from home, students use the same computer login. (Ex: last name + first name + middle initial)
 - Launchpad is a safe, secure way for students to connect with applications and files. The software does not collect or share any personal student information, which is important to us. Best of all, it is very easy to use and will be a great resource for teachers and students.

TECHNOLOGY LOAN AGREEMENT

1. All use of the school system's laptops/tablets must be for educational purposes and students are not to use the device for personal, commercial, or business use.
2. Students are accountable for and assume full responsibility for the care of my device.
3. Students assume full responsibility for the security of the device on and off school premises.
4. Students assume full responsibility for reporting device problems, breakage, or damage immediately.
5. The use of a county-issued device is a privilege. Students will be offered an optional insurance plan to cover the replacement cost of the device should it be damaged, lost, or stolen. This plan will cover one device per year. If the student loses or damages the second device, the student will become a "day-user" and will be provided a device at school, but cannot take a device off-campus.

RCSS STUDENT TECHNOLOGY LOAN AGREEMENT

The Richmond County School System's (RCSS) vision is providing an equitable education for all students to prepare them for life beyond the classroom. Students are provided the opportunity to checkout laptops/tablets that are the property of RCSS so that they may continue using the device away from school facilities for educational purposes. All students, parents and/or (guardians) will be required to sign this form acknowledging that they have read and agree with the school system's device checkout procedures before a laptop/tablet can be taken to a location other than a school system facility.

Please read each statement below and by signing, you are agreeing to the RCSS Expectations of Responsible Device Use:

- I understand that all use of the school system's laptops/tablets must be for educational purposes and students are not to use the device for personal, commercial or business use.
- I understand that I am accountable for and assume full responsibility for the care of my device.
- I understand that I assume full responsibility for security of the device on and off school premises.
- I understand that I assume full responsibility for reporting device problems, breakage or damage immediately.

The use of a county-issued device is a privilege. Students will be offered an optional insurance plan to cover the replacement cost of the device should it be damaged, lost or stolen. This plan will cover one device per year. If the student loses or damages the second device, the student will become a "day-user" and will be provided a device at school, but cannot take a device off-campus.

Please review the entirety of the One-to-One Handbook and sign below stating that you have read and support the expectations stated therein.
