

March 16, 2020

Dear Families,

As you well know, school is canceled until further notice due to the current pandemic. Students were sent home with a calendar/schedule to follow during the days they will be out from school. *The purpose of these at-home assignments is to engage your child in some type of learning* while they are not at school. This will not truly replace the regular rituals & routines of going to school but it should help.

I understand not all families have access to computers to do computer-based learning. Please do not stress over this. You may just focus on the paper-based lessons.

Above all else, please mind your health and well-being.

I will be in touch with families through ClassDojo should you have questions or concerns. I will notify families of any news and updates about resuming school as soon as I get them.

You can stay informed by checking the RCSS website frequently: rcboe.org.

I appreciate your understanding & flexibility during this time.

What went home:

- ✓ this letter
- ✓ calendar/schedule
- ✓ i-Ready workbooks for reading & math
- ✓ phonics/fluency items
- ✓ social studies magazines
- ✓ log-in cards with passwords
- ✓ extra pencils
- ✓ pack of paper
- ✓ *love & well wishes* from your teacher

Sincerely,

Ms. Kelly
