Westside High School will have designated Fridays in February and March where all students receive instructional opportunities asynchronously with the opportunity to access independent learning tasks, grade recovery, extended learning from the weeks previous learning, or other resources so that students can remediate, make up, accelerate, and continue the learning from subject material taught.

During asynchronous Friday's, students are expected to complete school work that is assigned to each teacher. Each teacher will have office hours that students can login to Canvas to connect with them live. The hours that departments are available on asynchronous Friday's are below:
