Date: March 26, 2025

Dear Richmond County School System Families:

Your child is scheduled to take the Georgia Milestones Test on April 22 – April 30, 2025. The test is used to help teachers, students and parents understand what a student has learned and identify where students may need extra help and learning support. **All students in our school system must take the test in person in the enrolled schools and must bring their Power Up 1:1 Technology Device.**

High School students and those students enrolled in American Literature and Composition, Algebra C&C, Biology and U.S. History are required to complete an end of course test (see table below). This year, Georgia Milestones end-of-course tests will count 10% towards a student’s final grade in the class. Students who do not take the Georgia Milestones End-of-Course test will receive a zero or “incomplete” for that portion of their overall grade.

<b>April 22<sup>nd</sup></b>	<b>April 23<sup>rd</sup></b>	<b>April 24<sup>th</sup></b>	<b>April 28<sup>th</sup></b>	<b>April 29<sup>th</sup></b>
American Literature	American Literature	United States History	Algebra C&C	Biology

Your child will use their PowerUp Technology Device for testing. On testing days, please make sure that your child does the following:

- gets plenty of rest
- eats breakfast each morning
- brings their school-issued device fully charged each day

For the 2024-25 school year, the Georgia Department of Education expects all students to take the Georgia Milestones test. For more information and details about the Georgia Milestones, Study and Resource Guides and additional tips to review before the test, visit [rcboe.org/Testing](http://rcboe.org/Testing) or call your child’s school.

Sincerely,

*Jason Medlin*
