Dr. Horace Smith- Program Administrator

Dear Parents and Guardians:

I am writing to officially introduce myself to you and tell you how excited I am to work with your young adults! My name is Tisheka Pugh and I have worked in education for 17 years as an English/Language Arts teacher in Richmond County. I have recently transitioned into the role of a school counselor, here at the PLC. My passion is working with youth to ensure that they have the tools they need for success both inside and outside of school. My desire is that **ALL** our students earn a high school diploma and have a plan for life after high school.

The Performance Learning Center is a program that is designed to provide an opportunity for students to get back on track to earning a high school diploma. Our program is unique in that it allows students to earn more credits in a school year than at a traditional high school. Starting in February, I will meet with every student to discuss academic progress, credits earned, credits needed, and post-secondary plans. I welcome you to be a part of that process so that our partnership further supports student success. I understand that other obligations such as work, health issues, etc. may prevent some from being able to attend a face-to-face meeting for those reasons other meeting options are available such as meeting via Zoom/Microsoft Teams.

The meetings will be from Wednesday, February 1 through Tuesday, February 28, 2023. Meeting times are available beginning at 8 am-3 pm on those days. To schedule a meeting please discuss what would be the best time with your student and use the following link: <https://calendly.com/pught/academic-advising>.

Warmest Regards,

**Tisheka Pugh**

*Professional School Counselor*
