

So you want to earn Extra Credit?

All of the following must be true in order for you to earn extra credit. If any of these are true when you complete extra credit but are no longer true at the end of the grading period, no extra credit will be awarded.

TRUE OR FALSE??

1. You have no more than one missing assignment.

If you have any more than one, you must make them up (for no credit) before you will be able to earn extra credit. This is because it would not be fair for you to earn more credit than those who did all their work. You can check Infinite Campus to see if you have missing assignments, or Ms. Cornwell will be glad to tell you whether or not you have any as long as you ask at an appropriate time (i.e. not right before class starts or during instructional time).

2. You have no unexcused absences. Three unexcused tardies = one unexcused absence. Check with Infinite Campus or Ms. Cornwell outside of class time if you are unsure of where you stand.

3. You have filled out the proposal form and it has approved it in writing by Ms. Cornwell. Remember to wait for written approval and/or comments *before* beginning work if you wish to get credit.

4. You are turning extra credit in on or before the Monday before the last Monday of the grading period.

- For extra credit to count toward first quarter -
- For extra credit to count toward second quarter –
- For extra credit to count toward third quarter - Monday, March 2nd
- For extra credit to count toward fourth quarter – Monday, May 11th

*****You are eligible for extra credit only if all of these are true*****
