

MathXL[®] for School

Dear Student:

Your teacher has set up a MathXL for School course for you named AP Cal 20-21 using *Demana/Waits/Kennedy/Bressoud: Calculus, 6e*. In order to join this class, you will first need to register for MathXL for School, then enroll in your teacher's course. We recommend that a teacher or parent guide you through this process using the instructions below.

1. Registering for MathXL for School

Before you begin, make sure you have:

Your email address--It is best to use your school-issued email address if you have one.

An access code--In most cases, your teacher should have given you a handout that includes a student access code (see example below). If you do not have an access code, contact your teacher.

Your teacher's course ID--The Course ID for your class is **XL0A-A1CU-2023-6J43**

To register, go to www.MathXLforSchool.com and click the Student button under Register. Then, follow the instructions on the screen.

2. Enrolling in your teacher's course

After registering, go to MathXLforSchool.com and log in with your username and password. You will need to enter your teacher's Course ID which is: **XL0A-A1CU-2023-6J43**

After enrolling in your course, you are ready to start working in MathXL for School.

3. Keep track of your login information

Be sure to write down your username and password on this page. If your teacher gives you a letter for your parents about MathXL for School, you may also need to record your username and password on that letter in the spaces provided.

Username: _____

Password: _____

You should only login to MathXL for School with your own username in order to receive credit for the work you do.

Sincerely,

The MathXL for School Product Team
