

What is a School-Parent Compact?

A School-Parent Compact is an agreement that parents, students and teachers develop together. It explains how parents and teachers will work together to make sure all our students reach grade-level standards.

- ◆ Link goals of school improvement plan
- ◆ Focus on student learning skills
- ◆ Describe how teachers will help students develop those skills using high quality instruction.
- ◆ Share strategies parents can use at home.
- ◆ Explain how teachers and parents will communicate about student progress
- ◆ Describe opportunities for parents to volunteer, observe, and participate in the classroom.

Jointly Developed

The parents, students, and staff at Meadowbrook Elementary developed this School-Parent Compact for Achievement. Teachers suggested home learning strategies, parents added ideas to make them more specific, and students held each year to review the compact and make changes based on students needs.

If you would like to volunteer or participate in any parent programs please contact.

Our Goals for Student Achievement

Richmond County Schools Goals

Academic Program.....

Our students will be well-rounded individuals who possess the necessary academic skills and knowledge and are excited about learning.

District Goals

By the end of the 2018-2019 school year, the percentage of students reading on grade level will increase from 40% to 50%.

School Goals

By 2019, all students will be on grade level in reading and math.

Math-Students are not only expected to become proficient in appropriate computational skills, but also to be actively involved in constructing and applying mathematical ideas.

Reading- All students will graduate as analytical readers, writers, and communicators of language

Focus Area

- Read for fluency and comprehension
- Solve word problems using addition, subtraction, multiplication and division

As a School We Will.....

The teachers will work with students and their families to support students' success in all content areas. Some of our key connections with families will be :

- Help students count quantities of objects ,compare sets of objects and represent quantities within numeral of 20.
- Retell stories ,by identifying characters and settings.
- Assist students in understanding addition and subtraction and strategies for addition and subtraction with 20.
- Assist students in reading with purpose and expression.
- Provide students and understanding of multiplications and division within 100.
- Help students use root words to

As a Parent /Guardian I will.....

Meadowbrook parents have been invited to developed ideas about how families can support students' success in all content areas.

- ♦ Use the school's webpage for additional activities to improve my problem solving and critical thinking skills in math.
- ♦ Attend reading and math events at school to learn reading and math games to practice at home.
- ♦ Practice problem solving skills and critical thinking by playing games and using other materials my school and teacher has provided at home.

As a student of Meadowbrook Elementary School...

Meadowbrook parents have been invited to develop ideas about families can support students' success in all content areas.

- I will help my child practice counting objects around the house up to 20.
- I will help my child read with purpose and expression.
- I will help my child with addition ,subtraction, multiplication and division facts.
- I will help my child memorize multiplication and division facts by using flash cards.
- I will help my child use root words, prefixes and suffixes to figure out the meaning of unknown words.
