

Creating a New Parent Portal Account

Note: The instructions below will guide you through creating a Parent Portal account so that you can access your child(ren)'s grades, attendance, class schedule, progress reports, and report cards. You only need to do this process once, even if you have multiple children attending multiple Richmond County schools. If after signing into the Parent Portal you do not see all of your children listed, please call the school for this missing child. The school will help correct this issue and have the missing child added to your Parent Portal account. Parents and guardians can have one account or each their own account. The accounts will show the same information. Also note that the Parent account is different than the Student's account and should only be used by the Parent.

- 1) Go to [Infinite Campus Parent Portal Activation Key Lookup](#) to lookup the activation key needed to link your Parent Portal account to your child(ren)'s student information.

A screenshot of the Infinite Campus Parent Portal Activation form. The form is set against a green background. In the top left corner, the 'Infinite Campus' logo is displayed. In the top right corner, the text 'Parent Portal Activation' is visible. Below this, there is a white rectangular form area. At the top right of this white area, there is a red tab-like graphic with the text 'Campus Portal'. Inside the white area, there are two input fields: the first is labeled 'Last 4 Digits of Student SSN' and the second is labeled 'Student Birthdate' with a calendar icon to its right. Below these fields is a blue 'Submit' button.

- a. Enter the last 4 digits of the student's Social Security Number (SSN)
- b. Enter the student's birthdate
