*Infinite Campus Mobile Application*

Infinite Campus has a mobile application available for both Android and iOS mobile operating systems

Parent or STUDENT Mobile App

A parent can download a mobile app to their smartphone if their phone uses iTunes, Google Apps or Amazon app store. The details for the parents on how to install, set up, etc are found in the Infinite Campus parent portal.

After a parent or student logs into their portal, they see this below their inbox:

They click on the “Get Your District ID” button and another page with all the details they need appears. Remind them that the username and password should be THEIR PARENT USERNAME and password. Students can also use this app on their devices but they should enter their STUDENT USERNAME and password.
**LOGIN ISSUES**

**Parent password problems** - at the parent portal login screen click the down arrow next to the orange help button. Enter the email address you have in your portal account. The system will send your user name and password to the email account on record. Each guardian must have a unique email - if two guardians have the same email this process will not work. Please contact your child’s school if you have not provided them with an email address.

*For all other login issue please contact your child’s school.*
