

Instructor: Rosina A. Allen

Dear Parents, Guardians, and Students!!!!

We will be using Code.org for the first portion of our on-line training. You must set-up an account. I will have a student classroom folder for you to share your Code.org account with me. I also have set-up Code.org classroom with a classroom code. Each lesson is grade and ability centered.

If you feel the need to push yourself higher, please access Codemoji or Codecademy (7 or8).

Please feel free to email me if you have any problems or concerns.
