## Research Project

Think of how the Coronavirus is affecting the nation on a social, economic, and political stand point. Social would be how interact with others even extracurricular things we do daily such as attend parties or simply go to grocery store. Economic focuses on our economy and how money is made or spent. Political focuses on politics such as government and laws are being made. Complete the chart below to organize ideas. You may have to complete research as well keep track of credible news channels. Try to have at least 5 details for each topic.

Social	
Political	
Economic
