

1. All students should complete the work given in the packet. All work will be graded as a classwork grade.
2. All review questions should be completely answered as expected in the classroom.
3. There is also a test to complete on Performance Matters.
4. Students in BMLR 3 should use the packet as well as performance matters as a study guide for the EOPA.
5. No student is exempt from any of the work given.
6. Distance Learning/RCBOE.org will be set up for future work depending on the length of time we are out. Students should refer to the site for any additional work
7. We will also be using performance matters as well as Rubicon. Any changes or updates will be listed on those sites for you.
8. Students can contact me via email Blockcl@richmond.k12.ga.us for any questions that they may have. I will respond accordingly.
9. Be safe and practice good hygiene while you are out, I will be looking forward to seeing you when we return.

Automotive Technology – Basic Maintenance & Light Repair
