

Good morning Parent,

My name is Mrs. Tyjuanescia Williams, and I am your child's Biology Teacher for the 2022-2023 school year here at Butler High School. I would like you to know that I am excited to have your child this year! Upon returning to school, I would like you and your child to review this email in preparation for a great year. Your involvement and support will be imperative in helping your child to be successful in Biology! I look forward to working with you and I am looking forward to an exciting and productive school year!

Below are a few things you can do to help make this year successful for your child:

- | | |
|---|--|
| 1. Read through the Syllabus and Course Pages (Canvas included) WITH your child. | 5. Effectively and frequently communicate with me, your child's teacher, about strengths and weaknesses. |
| 2. Sign and return the syllabus. | 6. Encourage your child and motivate them to do well in the course. |
| 3. Join our Remind Group (@h64cc6) | 7. Check Infinite Campus and Canvas frequently for grade updates. |
| <i>Text this code to 81010</i> | |
| 4. Join our Canvas Course as an observer. | |

[RCSS Launchpad \(all apps are accessible through Launchpad\)](#)

I would also like to take this opportunity to invite you to our open house on August 3, 2022 from 12-6:00 p.m. I have also attached a copy of the Biology One Pager (Student Welcome Letter) that students will receive at Open House. Please feel free to also review that. I look forward to meeting you! Please feel free to contact me throughout the school year should you have any questions or concerns.

Have a great week!

Sincerely,
