

Dear Parents,

In kindergarten, your child will learn how to read and write approximately 184 sight words. Many of these words are irregular words that cannot be sounded out! It is essential that your child becomes familiar with these words in order to become a better reader and writer in the future. To encourage the children to want to master these words, we have created a way to earn SWEET TREATS for every set of sight words that they learn. We will be reviewing these in class, but as always it is equally important for you to assist your child with these words and reading at home. **If you would like to DONATE any of these fun size (individually wrapped) items, it will be greatly appreciated.
