Richmond County School System Receives \$2.5 Million Digital Learning Grant

(AUGUSTA, GEORGIA) The Richmond County School System (RCSS) is excited to receive a \$2.5 million Digital Learning Grant from the Georgia Department of Education (GaDOE). These grants are intended to help districts across the state shore up their digital learning and distance learning infrastructure in the wake of the COVID-19 pandemic.

As a result of this grant, the RCSS will be purchasing over 3000 devices for students in identified schools. With increased access to technology and a commitment to digital learning, RCSS students will be able to work from anywhere as they prepare for life beyond the classroom.

“Receiving this grant is great news for the students of Richmond County,” said Dr. Kenneth Bradshaw, Superintendent of Schools. “I am proud of our distance learning efforts during the COVID-19 pandemic and these funds will allow us to continue to improve by closing the ‘digital divide’”.
