King Cake Cheesecake

**Ingredients:**
- 1 ½ cups graham cracker crumbs
- ½ cup (1 stick) unsalted butter, melted
- Three 8-ounce packages cream cheese, softened
- ¾ cup sugar
- 6 large eggs plus 6 large egg yolks
- ½ cup heavy whipping cream
- 1 teaspoon vanilla extract
- ¾ teaspoon cinnamon
- Purple, Green, Yellow food coloring, as needed
- Whipped cream for garnish
- Chocolate curls for garnish

**Directions:**
Preheat oven to 300 degrees F.
Combine graham crackers and melted butter until well mixed. Press the crumb mixture into a 9-inch springform pan to create the crust. Wrap the outside of the pan with aluminum foil. Set aside.
In a bowl, combine cream cheese and sugar, add the whole eggs one at a time, then add the yolks, shipping cream, vanilla, and cinnamon. Divide the mixture among 3 bowls and add purple food coloring to one, green to another, and yellow to the last bowl. (Traditionally the King Cake has deep, rich, “royal” colors) Transfer the batter from all 3 bowls to one bowl and swirl together. Pour the mixture into the crust. Place the springform pan into a deep baking dish. Add ½ inch of water to the dish to create a water bath, and bake about 1 hour. Allow the cake to cool and garnish slices with whipped cream & chocolate curls.
